

## Live Floor Hydraulic Pump With 1-3/4 Inch Diameter Gear

**Buyers Part Number:** H5134171

**Buyers Product Live Floor Hydraulic Pump is built tough to handle continuous, high-pressure operations such as a live floor.**

- Built tough to handle live floor applications.
- Features heavy duty roller bearing construction.
- Eight-doweled design adds structural strength.
- High-pressure rated – will handle a maximum 3000 PSI.

### Specifications

<b>Direct Mount/Remote Mount</b>	4 Bolt SAE B	<b>Direct or Remote Mount</b>	Direct Mount
<b>Displacement</b>	3 in. <sup>3</sup> /r	<b>Displacement</b>	18 GPM
<b>Flow at 1000 RPM</b>	18 GPM	<b>Flow at 1200 RPM</b>	21.60 GPM
<b>Flow at 1500 RPM</b>	27.00 GPM	<b>Flow at 1800 RPM</b>	32.4 GPM
<b>Flow at 2100 RPM</b>	37.8 GPM	<b>Flow at 600 RPM</b>	10.80 GPM
<b>Flow at 900 RPM</b>	16.2 GPM	<b>Gear Size</b>	1.75"
<b>Gear Width</b>	1.750"	<b>Inlet Port Size</b>	1 1/4 NPT
<b>Input Mount Type</b>	Integral Bracket	<b>Material</b>	Cast Iron
<b>Maximum Pressure</b>	3000 PSI	<b>Mount Type</b>	SAE B 4 Bolt
<b>Outlet Port Size</b>	1 1/4 NPT	<b>Pilot Diameter</b>	4.00"
<b>Ports (rear/side)</b>	Side	<b>Rotation</b>	Counterclockwise
<b>Shaft Size</b>	7/8-13	<b>Shaft Type</b>	Splined
