

## Live Floor Hydraulic Pump With Relief Port And 1-3/4 Inch Diameter Gear

Buyers Part Number: H6134171

Buyers Product Live Floor Hydraulic Pump with Relief Port is built tough to handle continuous, high-pressure operations such as a live floor.

- Built tough to handle live floor applications.
- Relief port designed to protect the system from pressure spikes.
- Features a heavy duty roller bearing construction.
- Eight-doweled design adds extra strength.
- High pressure rated -- will handle a maximum 3000 PSI.

### Specifications

<b>Direct Mount/Remote Mount</b>	4 Bolt SAE B	<b>Direct or Remote Mount</b>	Direct Mount
<b>Displacement</b>	3 in. <sup>3</sup> /r	<b>Displacement</b>	18 GPM
<b>Flow at 1000 RPM</b>	18 GPM	<b>Flow at 1200 RPM</b>	21.80 GPM
<b>Flow at 1500 RPM</b>	27.00 GPM	<b>Flow at 1800 RPM</b>	43.56 GPM
<b>Flow at 2100 RPM</b>	50.82 GPM	<b>Flow at 600 RPM</b>	14.52 GPM
<b>Flow at 900 RPM</b>	21.78 GPM	<b>Gear Size</b>	2.50"
<b>Gear Width</b>	1.750"	<b>Inlet Port Size</b>	1 1/2 NPT
<b>Input Mount Type</b>	Integral Bracket	<b>Material</b>	Cast Iron
<b>Maximum Pressure</b>	3000 PSI	<b>Mount Type</b>	SAE B 4 Bolt
<b>Outlet Port Size</b>	1 1/4 NPT	<b>Pilot Diameter</b>	4.00"
<b>Ports (rear/side)</b>	Side	<b>Rotation</b>	Counterclockwise
