

Tie Rod Style Cylinder-Clevis Mount-0.75 Rod x 8 Inch Stroke with Manual Air

Buyers Part Number: TGC25008VK

Buyers Products Tie Rod Cylinders are ideal for dump truck operators to engage and disengage tailgate latches from inside their vehicle.

- Allows you to operate your dump truck tailgate from inside the cab.
- Durable extruded aluminum body can be used on variety of tailgate applications.
- Offered in a variety of sizes, cylinders are available with either a hinge or clevis mount.
- Pillow valves give a smooth performance and prevent piston from hitting inner walls of the cylinder.
