

2005-2011 MUSTANG SATELLITE RADIO/GPS ANTENNA COVER

Installation Instructions

** Please read entire instructions before installing **

****Note** Satellite Radio/GPS Antenna Cover is color matched to the factory OEM color, but may not always be 100%. There may be a slight variation in color.**

STEP-1

Without removing the blue liner, dry fit the cover onto GPS Satellite Antenna to familiarize how the cover sets and aligns.

STEP-2

Now reset the cover onto the GPS Satellite Antenna aligning it accordingly, and mask area around the cover with masking tape for proper alignment guide (As shown in the picture). Remove cover and clean area with the alcohol pad provided in order to remove any wax, dirt, or dust.

STEP-3

Now you are ready to carefully peel off blue liner from the back of the cover (As shown in the picture).

STEP-4

Using the masking tape as your guide, very carefully align the cover over the GPS Satellite Antenna setting it into place. Once in place press firmly, to insure bonding. Bonding will take approximately 24 hours to reach full strength. Do not take your car through an automated car wash during that time period.

Caution: The use of harsh degreaser and/or high pressure washer may damage the finish on this product and will void any warranty, adjustments or returns of this product.
