

# **CARGO GLIDE** *WORK*

**SLIDE OUT CARGO TRAYS FOR  
TRUCKS, VANS & SUV's  
WALL & FLOOR SOLUTIONS**

Imagine never having to climb into a truck or van to retrieve anything.  
Welcome to CargoGlide's slide out wall and floor solutions.

CargoGlide truck trays carry up to 2200lbs and extend up to 100% outside of your truck.  
WallSlide carry from 500lbs to 1500lbs and extend UP TO 100% outside of your van.

CargoGlide wall & floor solutions allow you to remain grounded, significantly reducing the risk of injury. CargoGlide is the safest way to work, organize and retrieve your tools and materials.

Less impact on your back, neck, knees, shins or in short the entire skeletal structure, is the smart and efficient way for you to work.

Whether you are hauling heavy tools, making dozens of deliveries or making several service calls.....

CargoGlide is simply the safest, most efficient, and productive way to get to your gear.

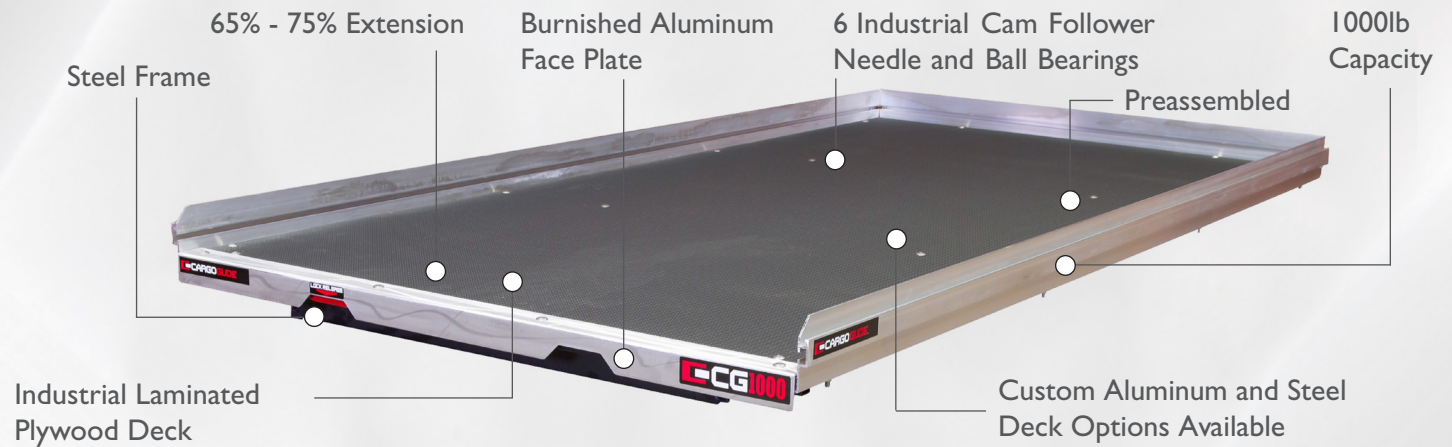

**TRUCK WALLSLIDE**  
**Build a REAL Work Truck!**

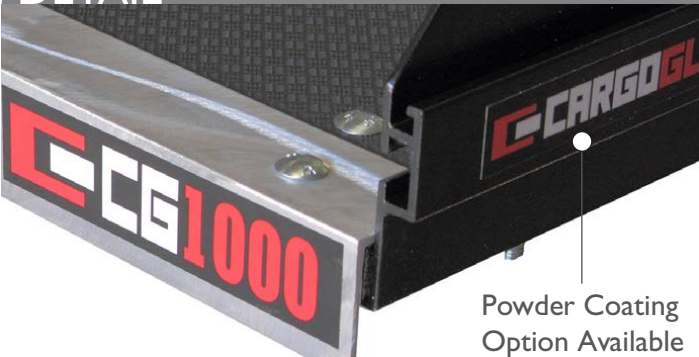

## MAIN SPECS

## DETAIL

**1000 lb capacity.** Sturdy steel frame construction. Real plywood deck with an industrial laminated surface for strength and durability. Custom Aluminum and Steel decks available upon request. 6 Industrial Cam Follower Needle and Ball Bearings provide dependable lasting support for the cargo you haul in your CargoGlide. Industrial 4" high extruded 6061-T6 Thick Aluminum Side Rails with integrated Full Perimeter Tie-Down Tracks and four Infinitely Adjustable Eyebolt Tie-Downs to make securing cargo easy and versatile.

## DIMENSIONS / WEIGHT RANGES

## DETAIL (CGHoist-500lbs)

## DIMENSIONS / WEIGHT RANGES

Height	24" - 60"*
Width	30" - 110"*
Weight	100 - 800 lbs
Capacity	500lbs - 1500lbs
Systems Available for most Ford, Chevrolet, Dodge, Nissan, & Mercedes Vans	
*Additional Custom Sizes Available Upon Request	

**500 lb to 1500 lb capacity per wall.** Available per sliding wall, the patent pending CargoGlide WallSlide systems can be customized to fit your needs to improve safety and efficiency in your use of Vans, Trucks and Trailers. A powder coated steel framework supports the all Aluminum WallSlide system with a full wall panel of 1/8 inch thick solid aluminum to mount your customized shelving system to. The supporting aluminum rail structure is made from a high strength 6061-T6 hardened aircraft grade aluminum alloy and slides on industrial cam follower needle bearings for durability and reliability. For even greater safety and efficiency options are available for remote controlled motor drives to open and close the walls, bright LED lighting options, as well as various weather canopy options for overhead protection and shelf protection.
