

2012 Toyota Tacoma

Bumper Grille

PART# 47031 Brushed - 47032 Polished - 47033 Bumper

After

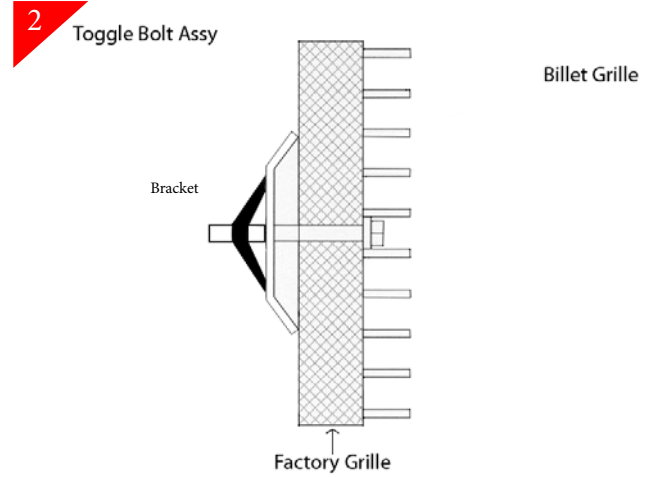

Hardware

- 4 - 10-32 x 2" Toggle bolt assembly
- 4 - Brackets

Start by Attaching brackets loosely to billet grille in order for you to rotate the brackets around so they fit through the opening in the bumper. Place bolt through the mounting tabs followed by "C" bracket and toggle wing as shown above.

Place billet grille into opening and rotate brackets back vertical so that catch and hold the grille in place. Tighten in place without over tightening.

NOTE:

Insure all fasteners OEM & others are secure and in place. Check fitment of plastic shroud core support cover to insure that it does not interfere with hood latch operation.

Completed Installation

For installation of billet grilles that require cutting of the stock shell, proper tools, knowledge and skill are needed. Carriage Works is not responsible for care & accuracy of the installation, only for Fit & Finish of its products. Use a qualified installer or contact original vendor for references to complete all instructions.

NOTE: Please adjust horizontal blades if irregular. This is the result of shipping and handling outside of Carriage Works control. Also Carriage Works Recommends applying a high quality automotive wax to maintain the original appearance.
