

How It Works

Chemical Guys GlossWorkz Auto Bath is a premium pH-balanced paintwork cleanser and gloss booster that provides slick lubrication for a scratch-free wash. GlossWorkz is safe for wax and sealant coats, and is the perfect choice for your weekly wash to maintain a freshly-detailed look. Use GlossWorkz Auto Bath in a traditional two-bucket wash, in a foam gun, or a foam cannon for supreme versatility. The all new GlossWorkz Auto Bath is the perfect choice for your weekly maintenance wash. There's more to good car soap than making tons of bubbles. Chemical Guys GlossWorkz Auto Bath uses synthetic surface cleansers and gloss enhancers for a slick wash that makes paintwork shine. 95% of swirls and scratches are caused by using improper washing and drying methods and tools. GlossWorkz lifts and lubricates dirt from automotive surfaces, reducing the chance of scratching paintwork and other sensitive areas.

Gloss-Boosting Technology

GlossWorkz Auto Bath brings the natural beauty of your paintwork back to show winning quality with optical gloss enhancers. Wash your car with GlossWorkz to enhance your wax or sealant coat with extra shine for a just-detailed look. Professional detailers will often wipe a car down with quick detail spray after washing it. Using GlossWorkz eliminates the extra wipedown step for faster detailing and superior results.

pH-Balanced Cleaning

Chemical Guys GlossWorkz Auto Bath is the perfect shampoo to achieve a high gloss shine utilizing pH-balanced cleaning technology. Professional detailers and enthusiasts prefer pH-balanced wash shampoos for their powerful and safe cleaning characteristics. GlossWorkz is gentle enough to wash your vehicle in direct sunlight without streaks or spots. The pH-balanced paintwork cleanser rinses clean to always ensure a smooth finish that is free of dirt, debris, and contamination. Once you try Glossworkz Auto Bath, it will surely become one of your favorite go-to shampoo.

Environmentally-Friendly Formula

At Chemical Guys, we believe in making products that are not only amazing for your vehicle, we believe in developing a detailing lifestyle for a better tomorrow. We formulated GlossWorkz Auto Bath with our philosophy in mind: Engineer eco-friendly products that make detailing faster, easier, and more enjoyable. GlossWorkz utilizes hyper concentration technology which requires just one ounce per 5 gallons for the perfect wash solution. Concentrated wash solutions give you more bang for your buck. Use the powerful, concentrated cleaning power of Glossworkz Auto Bath to gently remove all the dirt, debris, and road grime from your vehicle.

Safe For Wax And Sealant

Maintaining your vehicle's protective wax or sealant layer is important. Wax and sealant protect your car from UV rays, water spots and contamination. Glossworkz works to maintain your protective wax or sealant layer. The unique washing formula allows dirt, grime and filth to be washed away while still maintaining your protective layer. Glossworkz is designed to wash any exterior surface with precision. Simply mix 1 ounce of Glossworkz to 4-5 gallons of water to create a superior surface cleanser with a generous amount of wash suds. The advanced super polymers glide over your current wax or sealant layer ensuring that your car, truck, motorcycle, or RV stays protected against the elements. Glossworkz will show you the true definition of clean.

Help Prevent Swirls And Scratches

When you are done washing your car and ready to dry it, use AfterWash to not only speed the drying process, but also moisturize your paint. 95% of swirls and scratches come from poor wash and drying habits. The advanced lubricating polymers in After Wash glide any premium microfiber towel over paintwork for a scratch-free shine. After Wash is available in **4 ounce**, **16 ounce**, and **gallon** sizes.

Other Sizes Available

Glossworkz Gloss Booster and Paintwork Cleanser is available in **4 ounce**, **16 ounce**, and **64 ounce (1/2 Gallon)** sizes.

How To Use:
Always start by washing the tires and wheels first.
Do not use the same wash water, bucket, cleaning tools, or drying towels on your car's paint as you do on your tires and wheels.
Shake Glossworkz Car Wash Soap well.
Mix 1 ounce of Glossworkz Car Wash Soap with 5 gallons of water in a clean wash bucket.
To use with a foam gun/cannon, mix 1 - 3 ounces of Glossworkz Soap with clean water in the solution bottle of your foam gun/foam cannon.
Rinse the vehicle with water to remove loose grit and surface dirt.
Start washing from the top down with a premium wash mitt.
Rinse the mitt in a second bucket of plain water after washing each panel to remove washed-off dirt and debris for a scratch-free wash.
Use a final rinse of free-flowing water (nozzle off the hose) allowing the water to sheet off the car.

Caution - manufactured for professionals. Keep out of reach of children. If first aid is required while using this product see the product label for further instructions and contact a physician immediately.
