

Elegant Edgeless

Chemical Guys Elegant Edgeless Microfiber Towels are premium quality for sensitive detailing applications. These towels are humongous! Detailers use the versatile Black Elegant Edgeless Microfiber Towel for all final touch interior and exterior detailing applications because they are soft, extra large, and scratch-free. Black Elegant Edgeless Towels are soft and versatile for any detailing job: use the Black Elegant Edgeless Towel to dry enormous cars, trucks, and SUVs with just one towel; mop up large spills or lay down a soft and absorbent pad for the pets on long road trips; or even fold the towel over and cover front fenders while leaning into the engine bay. Black Elegant Edgeless Microfiber Towels are made with a select 70/30 blend of microfiber for exceptional softness and durability, and laser-cut edgeless sides drastically reduce the chances of scratching sensitive paintwork. Every towel is woven with a durable and versatile uniform pile that easily wicks up liquids, picks up dirt and dust, and buffs away dried wax. The Elegant Edgeless Towel has unlimited uses on any vehicle. Choose the Chemical Guys Black Elegant Edgeless Towel for big jobs that require a soft touch.

Elegant By Design

The unique edgeless design ensures a scratch-free detailing experience. Other towels have a polyester edge that can often scratch the surface. The Elegant Edgeless Black towel is laser cut for a perfect edge that is scratch-free and safe for the most delicate surfaces. The Chemical Guys Elegant Edgeless Black Towel is a great choice for collector cars and vintage automobiles that are sensitive and need extra care. The deep pile of premium microfiber helps trap dirt, dust and debris to create a surface that is perfectly clean. Easily removes smudges, fingerprints, dust and dirt for a show car shine. Keep the Chemical Guys Elegant Edgeless Black Towel in your trunk for use at a moment's notice. The big 51" x 30" size works great for covering your fender when performing engine detailing. The Elegant Edgeless Black Towel is perfect for protecting your vehicle's carpet from dirty feet or shoes. The possibilities are endless with the Elegant Edgeless Black Towel.

Versatile Scratchless Detailing Towel

The Black Elegant Edgeless Microfiber Towel is designed for final touch detailing, and with unlimited versatility for all applications. The vast 51" x 30" dimensions handle all detailing applications, inside and outside any vehicle. The exclusive laser-cut edgeless design further reduces the chance of scratching when buffing and drying along the edge of the towel. The uniform weave thicknesses makes short work of liquids and solids alike. Use the uniform looped pile to soak up wash water, detail sprays, and waterless wash solutions. Buff away dried wax, sealant, and polish without fear of scratching the surface. Gently pick up heavy dirt in one direction, then flip to a clean side and buff away any streaks. Use the Black Elegant Edgeless Microfiber Towel as a seat liner for trips to the beach, or fold it over as a fender guard while leaning into the engine bay. The Black Elegant Edgeless Towel is perfect for any full detail, weekly car wash, or big specialty job that needs the finest touch and attention to detail.

Laser-Cut Edgeless Design

The Elegant Edgeless Microfiber Towel uses an exclusive edgeless design to help prevent any swirls or scratches on sensitive paintwork and automotive surfaces. The laser cutting process produces a premium soft towel without any hard edges that scratch paint. While cheap microfiber towels have hard nylon edges that scratch paint, Chemical Guys Elegant Edgeless Microfiber Towels have no edge, and protect paint from damage with 100% of the towel's surface. Detailers and weekend warriors routinely spend countless hours of meticulous work to achieve the perfect finish, only to have it ruined by the final wipe of their cheap bulk-bought towel. Don't get fooled again: see why detailing professionals, hardcore enthusiasts, and show car gurus choose Chemical Guys Elegant Edgeless Microfiber Towels for luxurious detailing jobs where scratch sensitivity is a vital factor.

Keep Your Towels Clean And Soft

Clean and soft microfiber is crucial to preventing scratches on paint. Use Chemical Guys [Microfiber Wash](#) to keep your microfiber towels clean, soft, and absorbent! To wash and dry microfiber goods:

- Separate microfiber towels by type into designated wash & dry loads.
 - Keep grimy towels separate from cleaner paint towels!
 - Start by washing "cleaner" towels first, then finish with "grimier" towels.
- Machine wash microfiber goods with Chemical Guys Microfiber Wash and HOT water.
 - Hot water opens the fibers to better release dirt and grease.
 - Do not use fabric softener: fabric softeners clog microfiber and render them unabsorbent and useless.
- Machine dry microfiber goods on LOW heat.
 - High heat cooks fibers, makes them hard, and then they can scratch paint.
 - Do not use fabric softener dryer sheets: fabric softeners clog microfiber and render them unabsorbent and useless.
