

Designed and Manufactured by CDC, the Mustang C-Pillar Scoops are one of the most popular modifications for late model Mustangs because of their performance style and simplicity. This well designed component compliments the rest of the Mustang's exterior so well that it appears as if it's a factory option rather than an aftermarket product.

- The Classic ***C-Pillar Scoops*** attaches using 3M Acrylic Foam bonding tape
- **NO DRILLING REQUIRED!!!**

- This high OE quality part compliments the high quality style of your 2005-14 Mustang.

* Don't be fooled by imitations, give your vehicle the quality it deserves, ask for Classic Design Concepts products by name! *
