

Designed and Manufactured by CDC, the Mustang C-Pillar Scoops are one of the most popular modifications for late model Mustangs due to their performance style and simplicity of installation. This well designed component compliments the rest of the Mustang's exterior so well that it appears as if it's a factory option, rather than an aftermarket product.

- NO DRILLING REQUIRED!!!

- The Classic **C-Pillar Scoops** attach using 3M Acrylic Foam bonding tape

- OEM quality part perfectly compliments the style of your 2005-14 Mustang.

* Don't be fooled by imitations, ask for CDC products by name! *

When it comes to quality body kits & ground effects, Classic Design Concepts is the brand you can depend on.
