

C-Pillar scoops are one of the most popular modifications to 2005-14 Mustang models, providing a sportier look for this modern muscle car. Complete the clean look with this quick and effective interior modification that perfectly compliments any C-Pillar scoop. The C-Pillar Window Blackouts will enhance the interior appearance and cover the small, rear windows so you're not looking into the inside of a C-Pillar scoop. Available in Charcoal only!

UPDATE!!!

These are now available for the 2010-14 Mustang windows! CDC# 112041
