

The Outlaw Side Rocker Splitters are manufactured in the USA using black textured UV Stable ABS. They feature a light grained texture for that OEM look. They look great in black or can be painted to match the color of the vehicle.

If Installing at the same time as the Outlaw Rockers, this makes the installation of the Rockers a breeze by eliminating the need to cut the factory rockers. Uses factory mounting points for installation.

**Bundle & Save! Purchase together with CDC Outlaw Rockers & Save 10%**

**\*Choose option CDC# 1511-7009-01a for Factory Rocker Application**

**Fits All models**

When it comes to quality body kits & ground effects, Classic Design Concepts is the brand you can depend on.
