

The Outlaw High Mount Rear spoiler is shaped to compliment the curves and natural lines of the 2015-18 Mustang. Designed and engineered for factory fit and finish, the Rear spoiler looks like an OE stock component with aftermarket flare.

This Spoiler is manufactured in the USA from high quality Thermo Plastic Olefin (TPO) material. It features a black molded grained texture for that OEM look. Paint is recommended for a finished appearance.

Installs in just minutes using 3M Acrylic Tape
