

Bezel Options

The bezel is the outer ring that holds the glass to the gauge cup and seals the gauge. Most standard gauges offer the option to specify a bezel depending on your personal preference. Bezels are available in Black Chrome Radial, Matte Black Low Step, Stainless Radial, Stainless Low Step, Stainless High Step, and Gold Low step. Black Chrome and Stainless Radial bezels only allow for the use of curved glass.

Black Chrome Radial Matte Black Low Step Stainless Radial Stainless Low Step Stainless High Step Gold Low Step

Glass Options

Standard production gauges use glass lenses that resist fogging and scratching. Curved or flat glass lenses are available. Please check part numbers relevant to each series to determine the type of glass used for each series. The last letter will be "F" indicating flat or "C" indicating curved. In most cases the glass style can be specified based on your personal preference. Radial bezels only allow for the use of curved glass.

Flat Glass

Curved Glass

Diffuser Options

The diffuser is a pressed metal trim ring within the gauge that is visible beneath the glass along the outer edge of the dial face. Most standard gauges offer the option to specify a diffuser color different from that of the gauge face. Standard color options include: Red, White, Black, Nickel, Gray, Tan, or Silver.

Red White Black Nickel Gray Tan Silver

Pointer Options

Pointer style and color can be specified and changed for any standard production gauge. Style options include Teardrop, Crescent Moon, Pool Cue, Speedster, and Bomber in your choice of Black, Deep Red, Orange, Red, or White. Other colors are available by special order. All pointers may be ordered with a spun aluminum hub and some 2 inch pointers can be ordered without a tail.

Pointer Identification Chart

No.	Style	Color	No.	Style	Color
A	3" Quad gauge Pool Cue without tail	White	K	5" Teardrop	Deep Red
B	3" Quad gauge Pool Cue with tail	Red	L	2" Crescent Moon without tail	Black
C	2" Pool Cue without tail	Black	M	2" Crescent Moon with tail	Red
D	2" Pool Cue with tail	Orange	N	3" Crescent Moon	Orange
E	5" Quad gauge Pool Cue	White	O	5" Crescent Moon	White
F	3" Pool Cue with spun hub	Orange	P	2" Speedster	Chrome Plated
G	5" Pool Cue	Red	Q	3" Speedster	Chrome Plated
H	2" Teardrop without tail	Orange	R	5" Speedster	Chrome Plated
I	2" Teardrop with tail	White	S	3" Bomber™	White w/Black tail
J	3" Teardrop	Black
