Large burner diameter for wider heat distribution across your pan Additional uniform flame holes produce a larger heating area

2X FASTER BOIL TIME OUTDOORS*

"versus a standard Coleman" burner at 3m/s windspeed.

Coleman's patent pending burner technology brings

unrivaled innovation to outdoor cooking. Engineered to perfection, this burner technology will revolutionize industry standards for years to come.

> Downward stairstepping burner design reduces wind exposure

Eliminates need for side panels to fit larger pots and pans
