

**COMPASS 360™**  
*BRING IT.*

RAINWEAR & OUTERWEAR / 2017

# NEVER RUN FOR COVER AGAIN.

Life is never simple, and we all work hard to find the time and resources to play in the things that we love. At **Compass360™** we strive to help all of our customers enjoy the great outdoors, no matter what the season or the weather. With over **50 years' experience** in manufacturing outdoor products, our team is committed to providing, pioneering designs, innovative materials and construction, functional and durable technology, and all at a value driven price. You may not know our name today, but you'll love the value and performance that is unmatched in any other outerwear available.

Whether you like to hunt, fish, camp, ride, or just enjoy the outdoors, **Compass360™** builds products to protect you in every environment. More importantly, we build every **Compass360™** product to outperform your expectations, and to leave more dollars in your pocket at the end of the day.

## HYDROPORE™ TECHNOLOGY

**Compass360™** outerwear utilizes our exclusive **HydroPore™** microporous, waterproof, breathable technology. **HydroPore3.0™** and **HydroPore1.5™** film technology combines with a durable Teflon DWR treatment that offers permanent waterproof protection that will never wear out in your **Compass360™** Garment. That's right, you'll never have to treat or re-treat them with additional waterproofing or chemicals. They will continue to repel wind and water, and remain breathable and comfortable, for the life of the garment. Simply put, **Compass360™** outerwear is designed to last and built for everyday use.

## RAINTEK™ NON-WOVEN TECHNOLOGY

In a world where marketers push mumbo jumbo, techno babble about their products, the team at **Compass360™** has spent the past **10 years perfecting** the use of light weight waterproof & breathable non-woven fabrics and garments. Designed to be ultra-light, ultra-packable, and ultra-functional, **Compass360™** has developed its exclusive **RainTEK™** non-woven rainwear. Produced in durable tri-laminate materials as well as ultra-light and economic bi-laminate materials. **RainTEK™** is the best fitting, best featured, and the best value of any non-woven rainwear on the market today. Designed not only with function and value in mind, **RainTEK™** garments are also completely recyclable and contain no harmful PVC chemicals or additives. So when you evaluate all the options for your outdoor experience, look to **Compass360™** and **RainTEK™** for function, service, and value. We guarantee that you won't be disappointed.

# TEAM Compass360™

## **Drake Maples (President):**

Drake has been active in the outdoors since childhood, and has been professionally involved in the Outdoor Industry for the past 25 years. Most recently, as Vice President of Sales with Hodgman, Inc. in Montgomery, Illinois, and as CEO at GBI- Frogg Toggs in Arab, Alabama. As one of the “old guys” in the Wader Industry, and as the leading member of the Compass360™ Team, Drake is actively involved in all aspects of the business, from customer service and sales to product testing, manufacturing and design. He has spent the past 20 years developing relations with manufacturing partners as well as customers. Inasmuch, all Compass360™ products are produced with manufacturing partners that he has worked with exclusively for at least 10 years, and most for 20 years. Drake’s experience in the category and in the market is reputable and knowledgeable. He

is an experienced manufacturer and critical user of all Compass360™ products. He drives the vision for better function and reliability, outstanding service and undisputed value in everything that the company produces. “With Compass360™, we are building a new brand in the U.S. market, but a brand with tried and true product experience. A New company... but one with an old soul. Our vision is to deliver outstanding, function driven and reliable products that every outdoor enthusiast can afford and enjoy in their outdoor experience.”

## **Rich Chiba (Director of Manufacturing):**

Rich has been involved in the outdoors as a sportsman and a customer for more than 55 years, and has served in the industry for more than 30 years. First serving as a Retail Merchandising Manager for JC Penney, then as a Merchant and Buyer for Sportmart, Gart’s Sports, and The Sports Authority. Rich has spent the past 16 years as a Manufacturing Manager and Director of Manufacturing for Hodgman, Inc. in Montgomery, Illinois and GBI-Frogg Toggs in Arab, Alabama. Over the past 16 years, Rich has been designing and sourcing products around the world. Working with customers, large and small, from all parts of the globe, and has proven himself as an Innovator, Product Designer, and Quality Product Engineer. As a hands-on user and Director of Manufacturing, Rich brings special knowledge and tested experience to the Compass360™ Team. As a merchant, market expert, and as a design and manufacturing professional, Rich is the driving force behind new products, innovation

as well as function and value driven products. “Our manufacturing partners are the best of the best... and our products are the most featured and valued that I have ever seen in the Market.”

## **James Meadows (Controller):**

James has over 30 years of accounting experience in the Manufacturing and Distribution Industry. James paid for his undergraduate degree on an athletic scholarship at the University of Alabama where he played for Coach Paul Bear Bryant. James has also worked with the Alabama Special Olympics program for over 15 years. James brings a lot to the table, offering great experience and work ethic to the Compass360™ Team.

## **Sean Regan (Warehouse Manager):**

Sean has worked for the past 11 years as a Warehouse and Distribution Manager. Prior to entering the civilian workforce, Sean spent 15 years in the U.S. Army, supporting weapons systems, infantry, and VIP security. Since then, he has worked with various companies as Warehouse, Safety, and Network Lead. Sean has brought his military work ethic and distribution management experience to the Compass360™ Team.

## **Jody Magnusson (Customer Service Manager):**

Jody has 30 years of customer service and sales support experience in the Retail, Manufacturing and Distribution Industry. The past 19 years, she was the Customer Service Manager for T-H Marine, a well-known supplier in the Marine, Boating and Fishing Industry. Her direct involvement in satisfying our customers’ needs ensure a “win-win” scenario for everyone involved. Jody brings her strong work ethic and experience working with Retailers, Distributors, Dealers and OEM’s to the Compass 360™ Team.

## **Jake Maples (Marketing Manager):**

Jake, the only Gen X member of the Compass360™ Team, has 4 years’ experience in the Outdoor Apparel Industry with product development and brings a vision of the future to Compass360™. Jake is an avid product user who can destroy anything and he definitely puts our products to the test. Jake works to make Compass360™ a world re-noun brand, utilizing all facets of marketing and media.
