REFLECTIVE SOUND CANCELLATION

The CORSA Distinction

No Other Exhaust Manufacturer Delivers All Four:

1) NO RESONANCE/DRONE

Due to patented Reflective Sound Cancellation™ (RSC™) technology, your exhaust is whisper quiet at highway speeds.

2) Increased Horsepower and Torque

Resulting from a straight-through design; increased flow and less backpressure.

3) Great Performance Sound

We tune in the good sounds and cancel the bad, without the use of baffles or steel wool packing.

4) Better Fuel Economy

Less backpressure means the engine does not work as hard (especially if you can keep your foot out of it).

The precision engineering, uncompromising quality and flawless fit and finish of the CORSA Performance Exhaust is guaranteed for as long as you own your HUMMER H2.
