Only CORSA has:
RSC™ Technology
Two Sound Options
& No Interior Resonance

Choose your experience.

RSC™ Sport Exhaust

Delivers an aggressive, powerful sound at full throttle. Remains quiet at idle and cruise. Patented RSC™ technology eliminates low frequency interior resonance.

RSC™ Touring Exhaust

Conveys a distinctive, refined sound at full throttle. Ease up, and it is quiet at idle and cruise. No interior cabin resonance.

The precision engineering, uncompromising quality and flawless fit and finish of the CORSA Performance Exhaust is guaranteed for as long as you own your Cadillac Escalade.

The CORSA Distinction

No Other Exhaust Manufacturer Delivers All Four:

1) NO RESONANCE/DRONE

Due to patented Reflective Sound Cancellation™ (RSC™) technology, your exhaust is whisper quiet at highway speeds.

2) Increased Horsepower and Torque

Resulting from a straight-through design; Increased flow and less backpressure.

3) Great Performance Sound

We tune in the good sounds and cancel the bad, without the use of baffles or steel wool packing.

4) Better Fuel Economy

Less backpressure means the engine does not work as hard (especially if you can keep your foot out of it).

Features

- Straight-through, nonrestrictive design specifically tuned for the Cadillac Escalade, increases exhaust flow.
- Flow bench-tested 39% gain in exhaust flow vs. stock system.
- Premium stainless steel construction, crafted with pride and precision in the USA.
- Patented CORSA Reflective Sound Cancellation™ technology for superior sound.
- Single side exit with handcrafted twin Pro-Series 4.0" tips for enhanced vehicle appearance.
- Direct bolt-on installation; no cutting or welding required.
- Includes all necessary hardware and illustrated installation guide.
- 50-state emissions legal.
- CORSA Performance exhaust systems are not warranted to meet any specific local, state or federal noise ordinances. Please check applicable laws before installing.
- Limited **LIFETIME WARRANTY** for as long as you own your Escalade.
