Featured on NASCAR SSR Pace Trucks.

REFLECTIVE SOUND CANCELLATION

The CORSA Distinction

No Other Exhaust Manufacturer
Delivers All Four:

- 1] **NO RESONANCE/DRONE**
 - Due to our patented Reflective Sound Cancellation™ (RSC™) technology, your exhaust is quiet at highway speeds.
- 2] **Increased Horsepower and Torque**
 - Resulting from a straight-through design; Increased flow and less backpressure.
- 3] **Great Performance Sound**
 - we tune in the good sounds and cancel the bad, without the use of baffles or steel wool packing material.
- 4] **Better Fuel Economy**
 - Less backpressure means the engine does not work as hard (especially if you can keep your foot out of it).

Only CORSA has:
RSC™ Technology
Two Sound Options
& No Interior Resonance

Choose your experience.

RSC™ Sport Exhaust

Delivers an aggressive, powerful sound at full throttle. Remains quiet at idle and cruise. Patented* RSC™ technology eliminates low frequency interior resonance.

RSC™ Touring Exhaust

Conveys a distinctive, strong sound at full throttle. Ease up, and it is quiet at idle and cruise. No interior cabin resonance.

Features

- Straight-through, nonrestrictive design specifically tuned for the Chevrolet SSR, increases exhaust flow.
- Flow bench-tested 89% gain in exhaust flow vs. stock system.
- Premium stainless steel construction, crafted with pride and precision in the USA.
- Patented* CORSA Reflective Sound Cancellation™ technology for superior sound.
- Dual rear exit with single handcrafted Pro-Series 4.0 tips for enhanced vehicle appearance.
- No welding required; Bolt-on installation.
- Includes hardware and illustrated installation guide.
