

LUGGAGE WEBB INSTALLATION INSTRUCTIONS

STEP 1. Attach plastic hooks to corners and sides of webb as shown in Figure 1.

NOTE: Additional plastic hooks may be purchased separately.

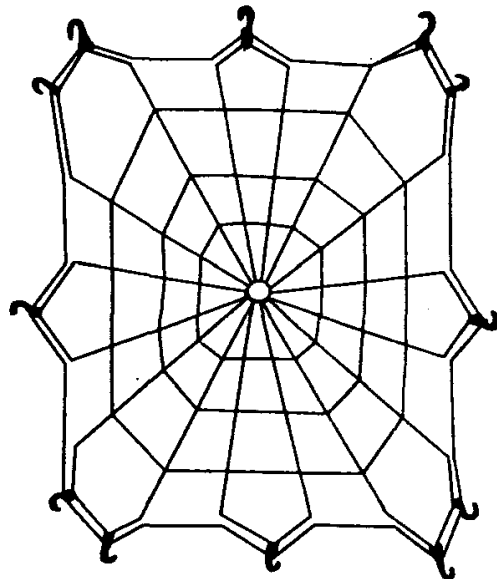

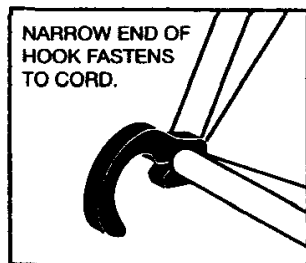

FIGURE 1

STEP 2. Place webb over luggage rack as shown in Figure 2. Fasten hooks to cross bars and/or rings. Attach corners first, followed by front and rear hooks. Secure side hooks last.

NOTE: Webb may be installed cross-wise for varying sizes and heights of loads.

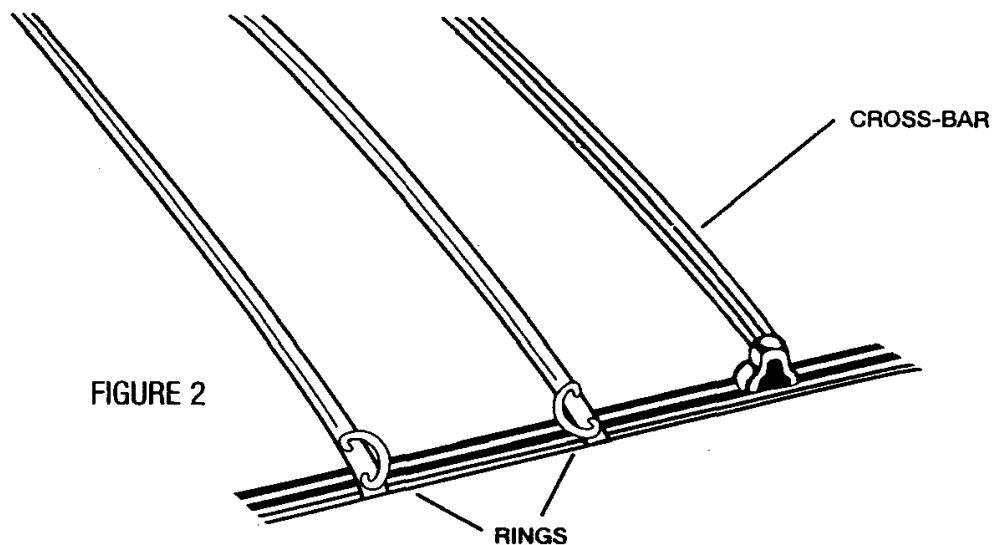

FIGURE 2

WARNING: Hold cord and hooks firmly when stretching the webb. Rebounding hooks or webb may cause injury.
