COMPUTE-A-CHARGE®

CPS® Products proudly introduces its new line of cordless RF charging scales including the world's first fully automatic programmable RF controlled unit featuring **set it and forget it** software. We have also added the CC110 featuring a .1oz (5 gram) resolution and the CC50 with a .05oz (1 gram) resolution. For over 27 years Compute-A-Charge® has been the brand you can trust for performance accuracy and reliability.
