NOTICE

Before you begin installation, read all instructions thoroughly.

Proper tools will improve the quality of installation and reduce the time required.

Periodic inspection of your product should be performed to ensure all hardware and / or components remain secure.

Assembly

Attach the end caps (#4) to the Grip Step™ board (#2), using the four self-drilling screws (#9).

Using four carriage bolts (#6), flat washers (#7) and flange nuts (#8), attach the adapter plate (#3) to the 2" shank (#1).

Slide the support braces (#5) into the Grip Step™ board and attach to the adapter plate using four carriage bolts, washers and nuts.
