

DPAM NO. LA990009-2497

MODEL Compressor

DENSO PRODUCTS AND SERVICES AMERICAS, INC.  
TECHNICAL SERVICE DEPT.

## SERVICE INFORMATION

---

**TITLE:** Installation of bracket and screw

---

**PART NUMBERS AFFECTED:** Various

**CONDITION:** The [compressor](#) in this box is not equipped with a bracket and screw for the magnetic clutch wire as the original compressor. It is necessary to remove and reuse the bracket and screw from the original compressor. This unit will fit, function and perform in the specified application per the original equipment manufacturer's specification.

**PROCEDURE:** Remove the compressor from the vehicle as described in the DENSO instructions.

Remove the bracket and screw from the original compressor.

Reinstall the bracket and screw to secure the magnetic clutch wire to the DENSO compressor. **CAUTION:** Do not pinch wiring.

Install the DENSO compressor as described in the instructions.
