

THE DETAILER'S CHOICE[®] CAR CARE PRODUCTS

***Give Your Car that Professionally Detailed Look
Get a Handle on Real Cleaning Power***

ABOUT US

Tiger Accessory Group, LLC (TAG) was formed in 2002 through the merger of Clean-Rite Products™, Blazer International®, and TigerEy Accessories.

With innovative products that help consumers more quickly and effectively complete their car care projects and eye-catching packaging design that encourages consumers to buy, selling The Detailer's Choice® and Clean-Rite™ brands of accessories has never been easier. A complete product assortment includes everything the consumer needs to wash, dry, polish, and detail their vehicles.

These products are marketed throughout North America and sold through distribution and retailers across automotive, mass merchant, home center, industrial, grocery, and drug channels. The innovative and growing assortment of quality products enables the consumer to give their vehicle that professionally detailed look!

TEXTILES

The Detailer's Choice® brand offers the widest range of car care textiles in the industry.

Traditional cotton products include: terry towels, polishing cloths, shop towels, and flannel. The comprehensive product line extends past car care applications and into the consumer's home, making it easy to cross market in any retail store. The products are offered in many different pack sizes to suit both retailer and consumer needs.

Included within the line is a wide variety of microfiber towels that through their unique design help to trap and absorb up to eight times their weight in dirt, dust, and liquids. These products are perfect for washing, drying, and polishing applications.

BRUSHES

The Detailer's Choice® brand offers a wide variety of brushes for garage, shop and home use.

The standard line of brushes have all the features and bristle styles required for vehicle cleaning, whether removing dust from paint, brake dust from tires and rims, or removing dirt from the hard-to-reach areas of the interior of the car.

The heavy-duty push broom, a new addition to the catalog, features an 18 inch durable broom head with a unique bristle design and a 60 inch steel handle with hanging feature for easy storage. This versatile broom can be used for wet or dry applications and is great for use on any indoor or outdoor project.

- Kink-free swivel hose connector

Pkg. Size: 38.2" x 10.6" x 5.5"

ADAPTABLES SYSTEM

The Detailer's Choice® brand provides an innovative all-purpose cleaning system with "click to lock" technology called 'Adaptables.'

The line consists of a variety of poles with anti-slip handles: Each pole fits a wide range of 'Adaptable' products ranging from gentle cleaning to heavy-duty scrubbing. The 'click to lock' technology keeps the head securely attached - it simply won't come loose during use like so many other flow-thru products. Just push the 'Adaptables' product onto the wand and listen for it to 'click' - that sound means that it is locked in place. Simply push down on the lock and pull the product off of the handle to release.

In addition, a simple conversion kit is also available and allows users to convert from an already owned 'threaded' cleaning system to the 'Adaptables' system.

ADAPTABLES SYSTEM

BI-LEVEL BRUSH WITH 72" FLOW-THRU POLE

6-7270

- Combo flow-thru brush and pole
- Pole and head are interchangeable with "Adaptables System"

MERCHANDISERS

The Detailer's Choice® brand provides products in numerous merchandiser configurations. Merchandisers include standard and mini cut-cases, vertical brush displays, clip strips, and multi-sided floor displays.

Cut-cases add a visual appeal to any product and can fit in most planogram configurations.

The addition of clip strips to the line creates more options for generating additional revenue. Each clip strip comes preloaded and ready to hang for cross-merchandising throughout the store.

Space-saving floor display pods are easily assembled and offer a value to customers. Place them anywhere in the store to maximize exposure and trial of products.

PLAN-O-GRAMS

The key to increased sales is through good merchandising. Plan-o-grams are one of the best merchandising tools for presenting products to the consumer.

They help:

- Assign selling potential to every square foot of space
- Create better related product positioning
- Satisfy your customers with a better visual appeal by having a consistent look in packaging

We offer a variety of product assortments to create a look specifically designed for your needs.
