2015

DRACO *Racing*

Draco Spring is the global leader in spring manufacturing. A family owned and operated business since 1969, Draco Spring has grown into the largest custom spring manufacturer in the world. From Subsea to Outer Space, Draco supplies springs to over 100 different markets worldwide.

In the beginning, Draco produced springs to meet the tight tolerances of U.S. Navy and nuclear requirements. Draco now supplies springs with those same exceptional production standards to over 100 markets, including motorsports.

Located in Houston, Texas, Draco's facilities consist of 12 buildings totaling 102,000 square feet. Draco produces millions of springs each year and has the capacity to ship the same day ordered - any size spring from virtually any material.

Draco's purple springs are the 1st choice for the top NASCAR divisions.

***“From Dirt Track to Cup Level racing,
let the Purple Spring give your team the winning edge.”
- Dale Earnhardt Jr.***

DRACO Coilover Springs

- Fewest coils and largest coil gap on the market.
- Maximum amount of coil removed to keep weight down and achieve maximum travel with a linear rate.
- Coil bind springs available in .100 increments
- Designed and made for the racer who demands quality and consistency.
- All springs preset to prevent sag

Every Height & Rate available through our
Custom Spring Department

DRACO Front Springs

- Fewest coils and largest coil gap on the market.
- Maximum amount of coil removed to keep weight down and achieve maximum travel with a linear rate.
- Designed and made for the racer who demands quality and consistency.
- Coil bind springs available in .100 increments
- All springs preset to prevent sag

All rates available in exotic light weight SA86 material

DRACO Rear Springs

- Fewest coils and largest coil gap on the market.
- Maximum amount of coil removed to keep weight down and achieve maximum travel with a linear rate.
- Designed and made for the racer who demands quality and consistency.
- Coil bind springs available in .100 increments
- All springs preset to prevent sag.
- Flat ground on both ends

**“We don’t just
MAKE the PURPLE spring...
We RACE the PURPLE spring!”**

Draco Springs can provide the technical support that no other spring manufacturer can offer.

Rob Fuller has been involved in every level of racing for over 20 years. For Rob, it all began designing and building shocks at top level NASCAR Sprint Cup teams. Rob then moved on to owning and driving his Nationwide, Craftsman Truck and Modified teams. In 10 years, Rob has visited Victory Lane in NASCAR’s top levels an unprecedented 43 times. In the driver’s seat, Rob has won races and countless poles in the NASCAR touring series on the East Coast. Currently, Rob still competes at the high level of competition required to stay proficient in all levels of racing. Rob’s experience, combined with Draco’s unparalleled spring manufacturing capabilities, has proven to be an unbeatable combination in motorsports.

**Let Rob help you experience
the Draco Spring advantage!**
