

OWNER'S MANUAL

PRO-SDF6

- 6.5" Speaker Diffuser
- Fits most 6.5" Speakers
- Speaker Bolt \varnothing 161 mm
- Injection ABS
- 6 mm Thickness
- 4-M4 Nut-Inserts
- Hardware Included

INSTALLATION:

- 1 Bolt on the speaker to the diffuser using the included bolts and tight them very well
- 2 Build your own speaker box to support the speaker horn. We recommend an internal volume of 0.3 Ft³
- 3 Connect the speaker wire from the amplifier to the speaker
- 4 Mount the speaker horn to your speaker box and enjoy it!
