STAINLESS STEEL ELIMINATION PIPE

The Jeep® JL Muffler Elimination Pipe makes quick and easy work of removing your vehicle's muffler. This muffler elimination pipe is easy to install, and delivers a deep performance tone. It is manufactured with mandrel bent, Stainless Steel pipe that will last for years to come. The Jeep JL Muffler Elimination Pipe is engineered to provide optimal ground clearance along with an improvement in horsepower & torque. This kit is designed to function with aftermarket suspension systems and frame/body protection accessories.

- Straight through design ensures unrestricted exhaust flow and reduces back pressure
- 2.5-in. Mandrel bent Stainless Steel tubing for lifelong protection
- Engineered for high ground clearance
- Provides increased sound and tone
