

# DRIVEN <sup>2</sup> DOMINATE

## EDGE PRODUCTS ALL-NEW *Evo<sup>HT</sup> 2*

For years, Edge has been the leader in truck performance and the tremendous success of the new CTS2 and CS2 has been nothing short of amazing. We didn't stop at having the best performance and monitoring products in the industry, we wanted to extend our impressive line of products to include the all-new, EvoHT2. This next-generation product was designed with the truck performance enthusiast in mind. We've designed a variety of premium features all into a value priced tuner, making the EvoHT2 the best bang for your performance buck.
