

FOR IMMEDIATE RELEASE:

NEW—2014 FORD FIESTA ANTI-ROLL-KIT Performance Swaybars

For the ultimate in tunable [suspension performance](#).

Complete your suspension upgrade with an Eibach ANTI-ROLL-KIT. While our PRO-KIT performance springs are regarded as the primary suspension enhancement components, the Eibach ANTI-ROLL-KIT allows critical fine-tuning of your Fiesta's handling characteristics.

Our ANTI-ROLL-KIT reduce body roll through increased design stiffness over stock bars. The result: increased handling and cornering grip in any performance-driving situation.

Manufactured from cold-formed, high-strength aircraft-grade steel for precision performance, and finished with a long-lasting red powder coat finish, the ANTI-ROLL-KIT comes complete with all necessary mounting hardware and instructions for easy bolt-on installation.
