

NEW— 2013 DODGE DART SPORTLINE | [Performance Springs](#)

THE FIRST STEP IN SUSPENSION PERFORMANCE

Eibach **SPORTLINE** is the extreme-performance spring set created for the extreme enthusiast—the one who craves a race-car attitude for maximum street performance—with the lowest possible drop, but with the exceptional ride quality you expect from Eibach.

Engineered with the same care as our **PRO-KIT** springs, Eibach **SPORTLINE** springs achieve legendary handling by aggressively lowering your Dart's center of gravity, using our precision-engineered progressive spring rates.

By radically lowering your car's center of gravity, our **SPORTLINE** springs dramatically reduce squat during acceleration, body roll in corners and nosedive under braking. By using our proprietary, progressive spring design, our **SPORTLINE** springs provide the ultimate balance between high performance, extreme lowering and comfortable ride quality. When combined with today's wild high-performance wheels and tires, the result is a car that handles just as white-hot as it looks.
