

FOR IMMEDIATE RELEASE:

NEW—2015-UP JEEP GRAND CHEROKEE SRT-8 Eibach PRO-KIT Performance Springs

The First Step In [Suspension Performance](#)

Eibach **PRO-KIT** is the perfect answer for most frequently-driven street cars. It's our legendary spring system that dramatically improves both a vehicle's performance and appearance.

PRO-KIT lowers your Cherokee's center of gravity, reducing squat during acceleration, body roll in corners and excessive nose-dive under braking. When combined with Plus-1 or Plus-2 wheels and tires, the Eibach **PRO-KIT** is the finishing touch to a winning recipe for performance. **PRO-KIT** also reduces excessive fender-well clearance, making your car look just as hot as it performs.

Every Eibach **PRO-KIT** is designed and tested by our suspension engineers and driving professionals, to deliver high performance handling and aggressive good looks, without ever compromising safety or ride quality. By using our proprietary, progressive spring design, **PRO-KIT** provides the ultimate balance to take your passion for driving to a whole new level.
