Parts List: 8.1105

- 1 - 1291 Rear Shifter Mount Bushing
- 2 - 15.10.92.39 Rear Mount Sleeves
- 2 - 15.03.140.38 Rear Mount Washers
- 2 - 15.05.97.42 Rear Mount Bolts
- 1 - 17P17675 Instructions Sheet

Rear Shifter Mount: Transmission tunnel heat shield must be removed to gain access to mount location. Rear drive shaft center support may also need to be loosened for ease of removal and installation of new bushing. See picture for correct orientation of new bushing when installing. A small dab of grease on the end of the shifter will also help in installation.
