*The Name You Trust For Engine Parts*

Since 1987

EngineQuest®

## The Engine Parts, Cores, & Recycling Partner You Can Count On, Now and Into The Future

EngineQuest and EQ Cores & Recycling has served the engine and transmission remanufacturing market for over 70 years.

EngineQuest has provided remanufacturing solutions since 1987. We specialize in hard-to-find or hard-to-salvage parts, as well as parts that make one item work in a different application.

In the restoration market, EngineQuest has become a leader in making replacement parts that OEMs have obsoleted, such as the FE Ford Rocker Assembly, V8 Pontiac Timing Cover, and Small Block Chevy Oil Filter Adaptor. We continue to expand our product line, which now includes our two newest items – replacement Crankshaft Sleeves for the FE Ford and 429/460 Ford engines.

For hard-to-salvage items, it often means buying from the OEM, where the prices might not be logical, or the OE doesn't sell the part you actually need. EngineQuest will make these items so our customers can get what they need, for the best possible price, when and how they need it. This includes LS Chevy Oil Galley Plugs, Valve Cover Bolts, Head Bolt Sets, and many others.

EQ Cores & Recycling was part of A&A Midwest, which began selling engine & transmission cores in 1949. In 2020, the Las Vegas location became EQ Cores & Recycling. Over the years, the product line has grown to include engine component cores, as well as transfer cases, and torque converters. With nearly 10,000 engines, 2,000 transmissions, and thousands of component parts in stock, EQ Cores & Recycling is ready to serve your core needs.

When our buyers are working with auto salvage yards, we buy their scrap items, such as radiators, batteries, harness wire, and aluminum wheels. In addition, we serve the Las Vegas local business community for their scrap metal recycling needs. By specializing in automotive and non-ferrous scrap, we can offer our customers better prices, as well as top-notch service, which has allowed us to become one of the largest business-to-business recyclers in the west.

**Our team looks forward to continuing to serve you, now and into the future.**

## CYLINDER HEADS

### EQ offers bare and fully loaded cylinder heads!

#### EQ bare heads

ready to install the drive train,  
no porting or polishing needed!

EQ-CH454C

#### EQ loaded heads

include **100% New** OE type stainless steel  
valves, seals, valve springs, and retainers

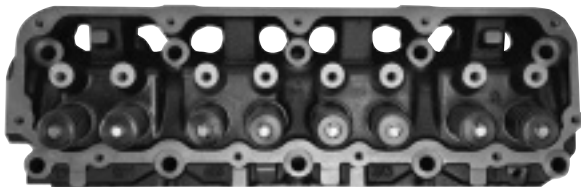

EQ-CH364CA

### All EQ cylinder heads outperform their competitors!

- The highest grade cast iron and aluminum
- Thicker deck for greater strength
- Improved design resists cracking
- Superior port finish for increased flow
- Water flow redesigned for greater thermal conductivity
- Hardened exhaust seats
- CNC machined guides and seats
- 25-point quality check on every head
- 3-angle valve finish
- Competitive pricing

## ROCKER ARM GUIDE PLATE CONVERSION KIT

### 3/8" Rocker Arm Guide Plate Conversion Kit for Dodge/Ford

Features premium heat treated studs and exclusive guide plates along with an adjustable configuration without machining. This conversion kit provides an easy way to convert net lash cylinder heads.

- Guide plate pushrod size 5/16"
- Guide plates included Yes
- Rocker arm nuts included No
- Rocker arm studs included Yes
- Rocker arms included No
- Rocker stud thread diameter 3/8" - 24"

## SYSTEM COOLANT PLUGS

### Chevrolet LS

All cooling systems need high-quality components to function well and provide maximum cooling ability. EngineQuest coolant system air bleed plugs are made of steel and are designed to bleed air from cooling systems to avoid any major issues. It's highly recommended that two air bleed plugs be used per engine to complete the bleeding process, for the very best results.

|----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| EQ-AH034 | CYLINDER HEAD ADAPTOR<br>USE EARLY SMALL BLOCK CHEVROLET HEADS WITH 6 EXHAUST BOLT HOLES IN PLACE OF 7 BOLT HOLE HEADS. NO NEED TO SELL YOUR CUSTOMER A DIFFERENT HEAD OR MANIFOLD. |

## INTAKE MANIFOLD

- 4 Barrel Universal Carburetor mounting
- 15 degree carb flange
- All required mounting & accessories holes are tapped
- Superior runner finish for increased air flow
- CNC machined for exact fit & bolt hole location
- Manufactured of the highest grade of cast iron to resist salt water corrosion that aluminum intakes experience & corrosion caused by Natural gas and other dry fuels
- Electric Choke

### SCREW IN STUDS

**Small Block Chevrolet & 3.0L 181 4-Cylinder Marine Industrial**

**Each Cylinder Head Requires The Use Of A Screw-In Rocker Arm Stud**

PART# EQ-SIS350 (8 pcs. per set, enough for 1 cylinder head)

- STUDS MEASURE 7/16-14 X 3/8-24 X 2.375" OVERALL
- HEAT TREATED TO RC 33-39 AND ARE OXIDE

# THE NAME YOU TRUST FOR ENGINE PARTS

## MARINE COMPONENTS

### INTAKE MANIFOLD

- 4 Barrel Universal Carburetor mounting
- 15 degree carb flange
- All required mounting & accessories holes are tapped
- Superior runner finish for increased air flow
- CNC machined for exact fit & bolt hole location
- Manufactured of the highest grade of cast iron to resist salt water corrosion that aluminum intakes experience & corrosion caused by Natural gas and other dry fuels
- Electric Choke
