- ▶ The most popular size lug nuts in the performance market.
- ▶ 1/2" Drive Suitable for use with impact tool.
- ▶ Nylon sleeve and insert to prevent alloy wheel damage or marring.
- ▶ Color-coded sockets for simple identification.
- ▶ Extended socket length eliminates needs for torque extension.
- ▶ CR-MO Alloy Steel for long lasting use.

Specifications:

MODEL 40307

ESCO 3-piece socket sets are the most popular size lug nuts and are ideal for automotive shops and garages. Color-coded, etched sockets allow for easy identification and the non-slip design provides accurate application with each use. The chamfered socket design easily attached to nuts and durable sleeves protect wheels and nuts from marring or damage.
