

Eureka!

Spring // Summer 2019

EMBRACE THE UNEXPECTED

We've made camping our thing for over 125 years, helping to connect families, inspire discovery, and fuel the sense of adventure that lives in all of us. From prep to pack-out, our products are rigorously constructed to stand the test of time. We've seen Everest's base camp, your parents' road trip, rainy game nights and campfires that burn until dawn.

And if there's one thing we've learned from these experiences, it's to always expect the unexpected. After all, we couldn't have brought you the best damn product without weathering a few storms during our rich history. Camping isn't always perfect, but with reliable products, it's always a perfect time to go camping. Our goal is simple: Design smarter, and make any time at the campsite time well spent.

TENTS

IT'S CAMPING. NOT GLAMPING

Eureka! believes that the best lessons are learned outdoors, and dirty hands and salty hair are good for the soul. We've taken a good hard look at what you really need while camping—spaciousness, durability, ease of set-up—and built a line of tents with thoughtful touches and unparalleled value. So round up your family and friends and reach for the tent that helps you worry less and enjoy more.

CAR CAMPING

PACK IT UP AND BACK IT UP

Pack the car, round up the kids, and swing by the grocery store—we're going camping. Storage solutions, durable construction, and thoughtful design come standard on all of our car camping tents, giving you the peace-of-mind to enjoy what matters most. Go ahead, embrace the adventure and cherish the time with family and friends.

Boondocker Hotel

Car Camping

Mint Green

High Rise

Arrowwood

THE TENT THAT ALLOWS YOU TO TAKE A HOTEL ROOM WITH YOU ON YOUR NEXT EPIC ADVENTURE.

Integrated vestibule area is large enough to fit a couple of chairs on a rainy day or store all of the gear from the car.

High/Low Vent - Air Exchange System creates completely adjustable, easy to use ventilation options for all weather conditions.

Rain fly can be opened half way to create massive shade/rain awning for extra gathering space.
(poles sold separately)

BACKCOUNTRY CAMPING

FIND YOUR FRONTIER

For those that venture a little further, a little deeper, and a little longer, we've designed backcountry tents that are light, compact and ultra-reliable. In 1963 the first American team to summit Everest used Eureka! tents, and ever since we've been equipping everyone from first-time explorers to backwoods vets with dependable, long-lasting backpacking tents. For every clear stargazing night there's a thunderstorm, and for every warm campfire a cold wind. But we know a little adversity doesn't stop the committed adventurer, so our gear won't either.

Midori

Backcountry Camping

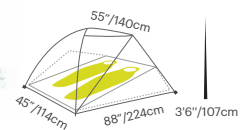

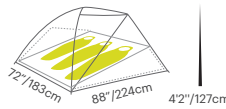

BUILT WITH AN OFFSET RIDGE POLE, THE MIDORI CREATES A NEW STANDARD FOR SIZE, WEIGHT AND VALUE FOR 2-DOOR BACKPACKING TENTS.

Increased headroom comes without added weight or bulk.

Double doors/ vestibules, featuring High/Low Vent - Air Exchange System to get the fresh air in and the stale air out.

Interior side pockets and gear loft keep essentials right where you want them.

CAMP COOKING

WE'VE COME A LONG WAY SINCE THE CAMPFIRE

The great outdoors doesn't mean a great compromise—our innovative cooking systems bring the kitchen to the campground, giving you what you need to feed every hungry camper at the tent site. Not only are our designs stowable and dependable, they're all powered by legendary Jetboil technology, ensuring gourmet cooking capabilities at any campsite.

Camp Café

Camp Cooking

NESTING TOGETHER FOR EASY TRANSPORT AND STORAGE, EUREKA!'S CAMP CAFÉ QUICKLY BREWS QUALITY COFFEE FOR THE WHOLE CREW AND CLEANS UP IN A SNAP.

2.5L boiling kettle features patented Flux Ring technology to increase efficiency and boil water twice as fast as a standard kettle. 60 oz boils in 6 minutes with standard 10K BTU burner.

Coffee carafe and pour over filter holder pack together with the boiling kettle for easy transportation and storage.

12 cup carafe gets everyone coffee just when they need it: first thing and fast. **(Standard #4 filter compatibility)**

Gonzo Grill

| | |
|----------|------------------------------|
| Weight: | 14.2 lbs. (6.4 kg) |
| Size: | 13.75" x 11" (35 cm x 28 cm) |
| Output: | 6,000 BTU/h |
| Item No: | 2572190 |

Features

- Designed to maximize radiant heat transfer, ensuring your food doesn't dry out before it's done
- Steel lid with vents keeps the heat and smoke just the way you like it
- Integrated grill scraper to prevent build-up on grill and griddle surface

Powered by Jetboil technology, Eureka! stoves have best-in-class burner control. Four full turns of the spindle provide incremental adjustment of fuel flow and consistent heat output from light simmer all the way to rolling boil.

Spire Stoves

Camp Cooking

COMPACT AND RUGGED - SPIRE STOVES ARE BUILT FOR ALL YOUR BASIC CAMP COOKING NEEDS.

Dual 10,000 BTU burners create enough heat to power any camp meal.

JetLink Output Port allows for connecting multiple Eureka! cooking appliances together and running from a single propane fuel source.

Rubber feet keep the stove securely on any table surface.

Eureka! Stove Bag

- Durable travel case designed to fit both Spire stove models.
- Dual side pockets for propane fuel storage
- Interior pocket to secure kitchen essentials

FURNITURE

YOUR CAMP, YOUR WAY

Even if you're not much of the sitting type, it doesn't mean you can't take a load off. In 2019 we revamped all of our camp furniture, ensuring maximum quality and durability for those camp moments that move a little slower. Our unique features and simple solutions resolve common campsite comfort issues, giving you the space you need to unwind. So pull up a chair, fire up the camp stove, and take a well-deserved moment for yourself.

Furniture

SLEEPING SYSTEMS

DON'T COMPROMISE COMFORT

Memories aren't made while your eyes are closed, but they are made by getting a good night's sleep. Eureka! Bags & Pads are designed to ensure that you wake up refreshed and recharged. So hike that extra mile, fish the furthest spot, and stay up a little later under the stars. We've got you covered.

CAMP COMFORT SLEEP SYSTEM

FEATURING STEALTH-GRIP FABRIC

Stop waking up with your head where your feet were. The Eureka! Camp Comfort Sleep System features Stealth-Grip fabric, which gives you a no-slip, no-shimmy, no waking up in the middle of the night surface.

Eureka! sleeping bags feature 3 proprietary and distinctly different synthetic insulations to meet the needs of a variety of sleepers. Each insulation utilizes a unique formula of various polyester staple fibers to provide different performance characteristics. Individual fibers are specifically chosen for their unique characteristics.

Mummy vs. Rectangular Bags

Eureka! offers lightweight, highly compressible mummy bags for the backpacker, roomy, rectangular bags for the mummy-phobic, and tapered rectangular for those who prefer something in between—all in a vast array of sizes and temperature ratings to suit any season.

“BIG” Bags Explained

Designed specifically for the big and tall camper, Eureka!’s BIG sized bags are 6-inches-longer and wider than our regular-sized rectangular bags, resulting in 27% more room inside for added comfort.

ThermaShield

For recreational campers looking to maximize value and performance, our Thermashield bags are the perfect choice for summer camps and sleepovers.

SYNthesis

- Top-performing, premium construction
- Maximum loft and compressibility with minimum weight
- Boosted thermal performance with unique, shingle style insulation

InsulcoreHQ

- Versatile, proprietary blend of synthetic polyester
- Staple fibers
- Optimum balance of performance, weight and value

EN Rating

EN temperature ratings are based on an international sleeping bag thermal testing standard. That means all of our EN-rated bags are lab tested by a third party to measure thermal performance. It’s tough testing standards, for real warmth you can trust.

Eureka! Limited Warranty

WHAT IS COVERED

Johnson Outdoors Gear, Inc. maker of Eureka!® products, warrants to the original purchaser that its products are free from defects in material and workmanship, for the term described, except as qualified below. The life of the product is determined from the date of purchase until such time as the product is no longer serviceable due to normal wear and tear.

WHAT IS NOT COVERED

Johnson Outdoors Gear, Inc. shall not be responsible for the natural breakdown of materials that occurs inevitably with extended use (e.g., Ultra Violet (UV) light damage on tents, exhausted zippers), or defects caused by accident, abuse, alteration, animal attack, storm damage, misuse or improper care.

THERE ARE NO OTHER EXPRESS WARRANTIES BEYOND THE TERMS OF THIS LIMITED WARRANTY. IN NO EVENT SHALL JOHNSON OUTDOORS GEAR, INC. BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

WHAT JOHNSON OUTDOORS GEAR, INC. WILL DO

If after inspection we find that a product failed due to a manufacturing or material defect, we will repair or replace the product, at our option, without charge.
