THE WORLD'S LARGEST SELECTION OF TRUCK BED COVERS

PRODUCT CATALOG

“EXTANG ENGINEERED” MEANS SOMETHING

Extang Engineered - it really means something and it's who we are. It began when our values and integrity met bold engineering excellence. A product that is so well designed, and built to such demanding exact standards, that it performs beyond the truck owner's highest expectations. Engineering is at the heart of why Extang has the most complete offering of truck bed covers in North America. Extang holds more patents than any other truck accessories company. We've perfected nearly every aspect of the truck bed cover and we refuse to leave well enough alone!

A SMART INVESTMENT

Studies show the average truck owner drives 18,000 miles per year. At 15 mpg that comes to 1,200 gallons of gas. At a minimum 10% savings you would save around 120 gallons of gas a year. You can see why it wouldn't take too many months to have your new truck bed cover pay for itself.

There are conservatively 850,000 Extang truck bed covers on the road everyday and based on the average gas savings, Extang covers save America 102 million gallons of gas per year or approximately.

Savings may vary and are not guaranteed.

INDUSTRY'S BEST WARRANTY

We care about you and how much you love your truck. Extang's Maximum Strength Warranty has you covered longer than most truck owners will own their trucks.

HIGH-END APPEARANCE

Trifecta 2.0 has a new smooth, clean, and lower profile lines with less stitching. The tarp-tuck integrated corners help keep tarp tension across your entire cover. The heavy duty, leather grained fabric has been tested to withstand the harshest freeze and heat conditions.

EASY TO INSTALL

Simply square up your Trifecta 2.0 on your truck bed and use our new Extang Engineered clamping system to attach in seconds. No drilling, no rails, no stress! Installs in less time than it takes to remove it from the box! The most user friendly truck bed cover on the market.

SIMPLE TO USE

Open your tailgate, release our new EZ-Lock Clamps, and fold to cab. Our re-engineered EZ-Lock Clamps retain Extang's exclusive spring tension system, but now require less physical effort and provide added security with revolutionary locking technology.

NEXT GENERATION HARD FOLDING COVER

SOLID FOLD 2.0

Solid Fold 2.0 has been engineered from the inside out and features a stylish OEM black matte finish. The integrated snap-on seals provide the ultimate in weather tight protection. Entirely self-contained and requires no tools or assembly. No nonsense install!

The Extang Solid Fold 2.0s easy operation also makes securing your cargo as effortless as possible. Simply close the cover and lock your tailgate for reliable security.

83000 series

84000 series

EXTANG ENGINEERED

Lightweight 1" thick panels made of automotive grade high-strength thermoplastic skins with polypropylene core for the ultimate in dent resistance. They're cool to touch on hot days and will not fade or break down under heat load.

EZ-LOCK CLAMP

Rear tail section clamps operate with spring action handle for instant fasten and release. Clamps conveniently stow away when not in use with the new flush pocket design.

OEM MATTE FINISH

The Solid Fold 2.0 features a black matte finish and textured powder coated aluminum panel frames and hinges for extra wear resistance and protection.

HARD TRI-FOLDING COVER
WITH FRONT PANEL ACCESS

ENCORE TONNO

Our low profile, hard panel tri-fold offers easy access from both the front and rear of your truck bed. The EnCore is self-positioning for easy installation. The self-latching rear latches along with the factory tailgate lock provide locking security. Wide opening front panel provides access to front half of bed and can be locked using your ignition key featuring BOLT®, one-key lock technology. Our new OEM matte finish gives the EnCore a high end, straight from the factory look.

62000 series

MORE VERSATILITY

The first 3-panel hard folding cover that offers access to the truck bed from openings at both the front cab and the rear panel. The EnCore can also be fully removed in seconds.

(Do not operate vehicle with front panel open)

EXTANGTUFF DESIGN

EnCore is engineered to resist dents and scratches, and features the only 1-inch aluminum frame with a powder coated finish and rubber corners. Extang's exclusively designed panels feature industry exclusive TPO skins paired with a polypropylene core for a superior alternative to the traditional aluminum panel.

ULTIMATE PROTECTION

Featuring BOLT® lock: breakthrough one-key technology. Front panel lock codes match your ignition key.

(Available on most models)

SOFT TRI-FOLDING COVER
WITH FULL BED UTILITY

e-MAX

TONNO

Extang has re-engineered our best selling soft tri-fold cover to work in ways it never has before. The e-MAX Tonno includes all the great Trifecta features plus it folds up to the cab at a 90 degree angle.

e-MAX grants you full bed utility without removing the cover, allowing you to haul anything such as motorcycles, ATVs and big box appliances.

72000 series

UNCOMPLICATED CONVENIENCE

e-MAX Tonno is the only soft-folding cover that folds up at the front of the truck bed to offer more bed utility than any other folding cover.

RELIABLE SECURITY

e-MAX Tonno uses our exclusive Secure Shut latching system to keep the cargo protected. Spring action rear SpeedKlamps for instant fasten and release.

DEPENDABLE QUALITY

e-MAX Tonno, like all Extang products, is proudly made in the USA with the best materials and attention to detail. We back our work with a Maximum Strength Lifetime Warranty.

50000 series

Toolbox application
60000 series

LOW PROFILE DESIGN
The Revolution has no snaps and no hook and loop fastener®. Its flat, ultra low profile provides a stylish near flush fit.

MULTI-DIRECTIONAL TENSION
Keeps tarp tight and looking great. Double latch system and spring-loaded bows work together to provide a great fit in any climate.

REVOLUTIONARY BOW DESIGN
Spring-loaded bows rest in rail system and provide horizontal tarp tension. Bows conveniently roll-up within tarp when cover is not in use.

PERFECT IN ANY CLIMATE
Automatic, self adjusting tension system keeps tarp taught and looking great in all weather conditions.

FULL USE OF TRUCK BED
Low profile clamps and unique side rail design keeps clamps hidden out of the way for full truck bed usage.

BOWS ROLL UP WITH TARP
Heavy-duty bows are pre-positioned and conveniently roll up in the tarp for easy storage in one quick step.

The **FullTilt** is a heavy duty, hinged truck bed cover that is as easy to use. Designed to be able to be removed by one person, without tools in just moments. The FullTilt can be rolled up to the cab for carrying large cargo, or can be completely removed. The gas shocks are designed for easy removal, by hand, using a ball joint snap release. No tools required!

Snapless: 40000 series

The **TuffTonno** features smooth edges with tarp-tightening rotating rear rail and spring loaded bows. The rotating rear-end rail is engineered for an easier fit and tighter look. Get a clean, smooth look with the world's strongest tarp attachment peel and seal strip edging system.

14000 series

FULL USE OF TRUCK BED

No obstructions. Hinged at cab rail for FullTilt action. Gull-wing latches secure cover without restricting cargo space. FullTilt also rolls up from the tail and stores at the cab.

SNAP OR SNAPLESS STYLES

Two great looks to choose from, the FullTilt cover is available in a smooth-edge snapless (like our TuffTonno) or classic snap style (like our Classic Platinum).

FAST AND EASY REMOVAL

Gas shocks are designed to be easily removed by hand using a ball and joint snap release. No tools needed. Leave your truck bed cover at home within seconds.

PRE-ATTACHED TARP IS SIMPLE TO USE

TuffTonno tarp is pre-attached to tail rail for a quick open or close. Rail easily rolls up inside tarp when securing at the cab for bulk hauling.

SHARPEST LOOKING & STRONGEST MADE

Our J45 "peel & seal" No-snaps edge is the worlds strongest tarp attachment. The sharp looking design gives you a snapless, clean and smooth edge.

NO DRILL, EASY INSTALL

Vehicle specific for a perfect fit. Clamps offer two bow height positions: HIGH for performance and improved gas mileage, LOW for sporty look and cold weather attachment.

AMERICA'S ORIGINAL TRUCK BED COVER

CLASSIC PLATINUM

THE BOLD, ALL BLACK COVER

BLACKMAX

The **Classic Platinum** is the ultimate quality choice when nothing but premium metal components will do. The Classic Platinum offers fast and easy access to the truck bed & cargo by simply dropping the tailgate or by rolling up the tarp. Exclusive and patented all-weather tarp design that's fully adjustable 4 ways for easy use in cold weather.

7000 series

Toolbox application
32000 series

BlackMax for when sleek, solid black is the bold good look you want. Constructed of all black powder-coated framing, black spring-lock bows and vinyl tarp, this cover is stylish while allowing for easy access to your truck bed. The 4-way adjustable fiberglass reinforced snaps hold up in all weather conditions.

2000 series

ENGINEERED FOR ALL CLIMATES
Extang makes the only 4-way fully adjustable tonneaus that work well in both hot and cold climates. Simply position snaps at the appropriate weather setting for a perfect fit.

GREAT LOOKS. GREAT FIT. LONG TARP LIFE.
All Classic Platins are perfectly sewn with special anti-curl corners. Thick polymer backing around the perimeter provides a long durable tarp life.

TUFFKLAMPS: NO DRILL, EASY INSTALL
Vehicle specific for a perfect fit. Clamps offer two bow height positions: HIGH for performance and improved gas mileage, LOW for a sporty look and cold weather climates.

QUICK LOAD AT CAB RAIL
An exclusive BlackMax feature. Snaps along cab rail for quick and easy loading at the front of your truck bed. It's fast and convenient.

SOLID BLACK FRAME
Go with BlackMax when the look of solid black is what you want. It features heavy-duty rich black anodized rails and bows - a great look when the tarp is rolled up.

MONSTER BOWS
Spring loaded for the fastest on & off. Bows stay in place while driving and loading. Wide flat design allows for maximum strength plus a great looking tarp surface.
