

SOLID FOLD 2.0

NEW

extang
tonneau covers

THE SIMPLEST HARD FOLDING COVER
JUST RECEIVED A MAKEOVER.

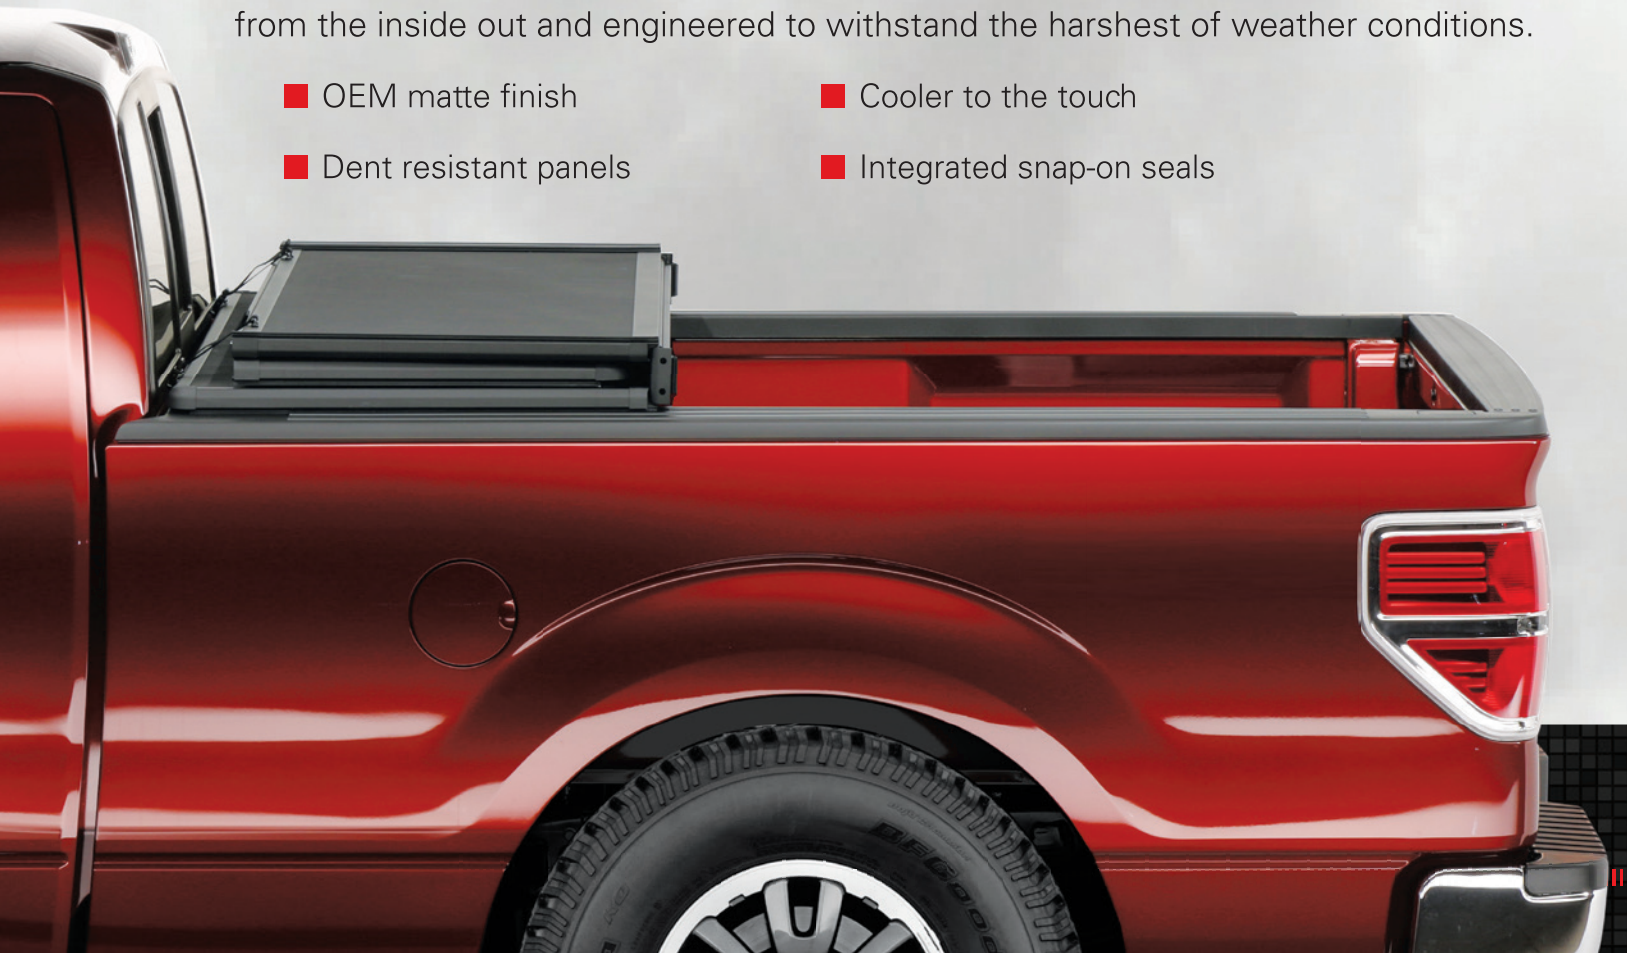

Solid Fold 2.0: The next generation of the hard folding tonneau cover. Redesigned from the inside out and engineered to withstand the harshest of weather conditions.

■ OEM matte finish

■ Cooler to the touch

■ Dent resistant panels

■ Integrated snap-on seals

BEST IN CLASS

EXTANG ENGINEERED

All-new lightweight 1" thick panels now made of automotive grade high-strength thermoplastic skins with polypropylene core for the ultimate in dent resistance. They're also cool to touch on hot days and will not fade or break down under heat load.

SPEEDKLAMPS: INSTANT ACCESS

Rear tail section clamps operate with spring action handle for instant fasten and release. Clamps conveniently stow away when not in use with the new flush pocket design.

ULTIMATE WATER MANAGEMENT

All new design using hard polymer rubber corners, hinge caps and snap-on seals results in the most water resistant hard folding cover on the market!

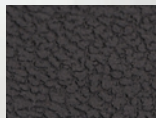

Since 1982, Extang continues to lead the industry with innovation, quality products, the best warranties and customer support. Engineering is at the heart of why Extang is the number one selling tonneau brand in North America.

83000 series

Also available in toolbox application: 84000 series

WHAT'S NEW WITH 2.0?

OEM MATTE FINISH: The Solid Fold 2.0 features a black matte finish and textured powder coated aluminum panel frames and hinges for extra wear resistance and protection.

RIGOROUSLY TESTED: We've spent over a year torture testing the Solid Fold 2.0 in the most extreme conditions. This cover meets and passes the strictest of OEM tests developed including: cycle, thermal, UV, clamp load and water testing.

SUPERIOR SEALS: Newly designed snap-on automotive OE grade seals provide the ultimate in weather tight protection. Crisp and straight, they retain shape and sealing in all conditions and climates.

HI-TECH MANUFACTURING: Extang has invested heavily in manufacturing equipment using CNC's, robotic glue application and hot-melt panel rollers to produce consistent, high quality products in our ISO certified Ann Arbor, Michigan plant.

QUICK & SIMPLE: All of the versatile elements of the original Solid Fold remain: it comes fully assembled, installs in seconds and no rail system is needed. Easy to operate with 3 panels and aluminum hinges. The FASTEST install in the market!

EXTANG 2015 FORD F150

PROJECT WORK

As the number one selling tonneau brand in North America, **Extang** continues to exceed industry standards. This year, we proudly debuted a new and improved edition of the Solid Fold [tonneau cover](#), the **Solid Fold 2.0**. This tonneau has been redesigned to withstand the harshest of weather conditions and simplify everyday use.

And what better way to present the hard folding cover's bold new features than on the bed of an all-new, souped-up 2015 Ford F-150 project truck? We can't think of one. Extang partnered with KEG Digital Garage, Washtenaw Community College's Custom Cars and Concepts program, and a number of other sponsors to transform the project truck into the ultimate utility vehicle.
