

INSTRUCTIONS

APPLICATION: DODGE DAKOTA 2005+

BUMPER KIT: 31016 / 32016

ITEM	QUANTITY	CONTENTS	TOOLS
1	1	BUMPER ASSEMBLY	18MM SOCKET
2	2	LICENSE PLATE LIGHT BULB SOCKET	
3	2	LICENSE PLATE LIGHT BULBS	

1. Verify all hardware contents listed above are present. Carefully read all instructions before installing.
2. Disconnect the license plate lamp wiring harness from the original bumper.
3. Remove the (X6 PCS) nuts from the bumper support. (FIGURE 1)
4. Install the new license plate lamp bulb housings and wiring harness into new bumper assembly.
5. Using the factory bolt plates and nuts, attach the new bumper assembly to the vehicle bumper supports. (FIGURE 2)
6. Connect the license plate lamp wiring harness.
7. When the bumper is properly aligned tighten all hardware. (FIGURE 3)
