

FAQ

Q I see eight lines in the picture. Is one of the front brake lines in two pieces? Will this match the original number of lines?

A Yes the line going to the passenger side front is a 2 piece line. Yes this includes all the hard lines and flex hoses.

Q Will it fit a 2002 crewcab 4door short bed 6.6L duramax

A No, you'll want either the BLH4 or BLH9 depending on if you have a dually rear axle or not.

Check out an excellent selection of replacement brake parts we offer on our website.
