

DELTA BOOST

PERFORMANCE TUNER

PLUG 'N PLAY POWER

Flowmaster, known as the industry leader in developing innovative exhaust technologies, now brings you the next phase in maximizing horsepower and torque with a plug and play unit for turbocharged applications.

Flowmaster's Delta-Boos Power Tuners are engineered to give your car or truck the extra power needed for passing, towing or cutting laps at the track, and installs easily and quickly, generally in less than a minute.

Delta-Boost Power Tuners are designed and tuned for performance gains over a broad useable RPM range of an engine's power curve. Maximum performance and efficiency is achieved when paired with Flowmaster exhaust systems.
