

## PRODUCT QUESTIONS

### **Will the Ratcheting Spade/Shovel Mount hold an axe?**

If the diameter of the axe handle fits within the range of the straps, then it is physically possible. We recommend being cautious of the axe head and any movement it may have against the rack. You can also check out our specific axe bracket! (RRAC023)

### **Will the mount work on all 4 side channels of the rack?**

The shovel mount will absolutely work on all four sides of the rack!

### **Will the mount work on all 4 side channels of the rack?**

1

### **How do I secure my shovel?**

The shovel is secured to the shovel brackets using the ratcheting straps built-in with the mount.

### **How do I secure my shovel?**

1

### **Will this mount work with the expedition rail in Land Rover slimline 2 roof rack?**

Yes! The Ratcheting Spade / Shovel Mount works perfectly with our Expedition Rails.

### **Will the shovel mount work on my TeraFlex Nebo roof rack?**

This accessory was specifically designed to work with Front Runner racks.

### **Should the mount be removed when not in use or should it be left on?**

Removing the mount or leaving it on is a total personal preference. Many customers like the look of leaving it on but some also like the look of a cleaner rack- up to you!

**Will this mount work with the indoor cargo rack for the 4dr JKU?**

Yes. The Ratcheng` Spade/Shovel Mount (RRAC024) will work with the JKU interior Rack (VACC021).

**Does the shovel ratchet fit to a Rhino roof rack tray?**

The Ratcheting Spade/Shovel Mounts is a Front Runner specific accessory and will not work on other roof racks. Time to get a Front Runner rack!

**Will one set hold two kayak paddles?**

To mount two kayak paddles you will need two sets of our Ratcheng` Spade/Shovel Mount (RRAC024).

**What diameter on shovel handle will work with these clamps? My short shovel out of the garage won't fit....diameter of handle too big. Didn't realize handle diameters vary. Any recommendations on shovel manufacturer/size/ etc?**

1 1/2 inch to 1 5/8 inch would be the max size handle to fit in the Ratche. ng Spade/shovel Mount (RRAC024) .

**Will the ratchet shovel mount work on my prinsudesign roof rack?**

No it will not, The bracket of the shovel mount is designed for the channel of our side profiles.

**Does this mount lock so someone doesn't steal my shovel/axe?**

No. Our spade shovel mount does not lock. We do offer an axe mount that does lock.

**Can these be mounted to the inside bottom rails of the Slimline II Extreme rack for a Jeep JK?**

No, they are designed for fitment in the side channels of the rack. There is a metal bracket which holds the ratcheng clamp. You'll really be bolng a complete system to the rack, rather than bolng a cl amp and a strap.
