Front driver and passenger bracket

and passenger Bracket

Instructions:

Approximated installation time: 30 min.

Cleaning and care instructions:

Design:

Quality:

Protect the finish with a non-abrasive automotive wax, (e.g. Pure Carnauba) on a regular basis. The use of any soap, polish, or wax that contains an abrasive is detrimental to the finish, as the compounds scratch the finish and cause corrosion.

## INSTALLATION INSTRUCTIONS 391885 BRACKET RUNNING BOARD 5" & 6" / OVAL 4" WIDESIDER BAR 05 - 10 TOYOTA TACOMA

- Before beginning the installation read all instructions carefully and verify that all hardware is accounted for. if there are any listed parts missing, please notify your distributor immediately.
- 2. See pictures **3**, **3a y 3b** and locate the holes where the brackets are going to be installed.

3. For the **Front bracket** install two M8x25 hex head galvanized bolts, two flat washers and two lock washers. See **Picture 4** and repeat it in the opposite side of the vehicle. Leave loose.

4. To install **middle and rear brackets** use two M8x30 hex head galvanized bolts, two flat washers and two lock washer for each bracket. See **Picture 5** and repeat it in the opposite side. Leave loose.

- 5. Now Proceed to install the running board / sidebar (Sold separately)
- To install the Running Board, place three square head per each channel that it's located on the bottom (discard middle channel) Refer to **Picture 7.**

Cleaning and care instructions:

Protect the finish with a non-abrasive automotive wax, (e.g. Pure Carnauba) on a regular basis. The use of any soap, polish, or wax that contains an abrasive is detrimental to the finish, as the compounds scratch the finish and cause corrosion.

## INSTALLATION INSTRUCTIONS 391885 BRACKET RUNNING BOARD 5" & 6" / OVAL 4" WIDESIDER BAR 05 - 10 TOYOTA TACOMA

7. Place the Running Board above the brackets attach it with six 5/16" nuts, six flat washers and six lock washers, per side all in black color. See **Picture 8** and repeat in the opposite side. Leave loose. 8. If you are going to Install an oval sidebar use two flat washers, two lock washers and two 5/16" nuts per bracket (all hardware in black). See Picture 9 and repeat in the opposite side. Leave loose.

- 9. Align Side bar, and then get tighten all bolts.
- 10. Do not use abrasive substances to clean your product.
- 11. Periodically check your product because it may need a re-tighten of bolts.
- 12. Fill the warranty card and place it inside your vehicle's glove box.
