

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 12/05/2019 Version: 1.0

SECTION 1: Identification		
1.1. Identification		
Product form	: Mixture	
Product name	: Ceramic 3-in-1 Wax	
1.2. Recommended use and restrictions	on use	
Recommended use	: Automotive Care Product	

SECTION 2: Hazard(s) identificati			
2.1. Classification of the substance	or mixture		
GHS-US classification			
Skin sensitization Category 1 Reproductive toxicity Category 2 Specific target organ toxicity (single exposur Full text of H statements : see section 16	e) Category 2	H317 H361 H371	May cause an allergic skin reaction Suspected of damaging fertility or the unborn child May cause damage to organs
2.2. GHS Label elements, including GHS-US labeling	precautionary s	tatements	
Hazard pictograms (GHS-US)			
Signal word (GHS-US)	: Warning		
Hazard statements (GHS-US)	H361 - S	Nay cause an allergic s Suspected of damaging Nay cause damage to o	g fertility or the unborn child
Precautionary statements (GHS-US)	P202 - D P260 - D P264 - V P270 - D P272 - C P280 - V P302+P P308+P P333+P P363 - V P405 - S	Do not breathe vapors/: Vash hands and other Do not eat, drink or smo Contaminated work cloi Vear protective gloves, 352 - If on skin: Wash 313 - If exposed or cor 313 - If skin irritation o Vash contaminated clos Gore locked up	safety precautions have been read and understood spray exposed areas thoroughly after handling oke when using this product thing must not be allowed out of the workplace /protective clothing/eye protection/face protection with plenty of water ncerned: Get medical advice/attention r rash occurs: Get medical advice/attention
2.3. Other hazards which do not rest	ult in classificat	ion	

No additional information available

2.4. Unknown acute toxicity (GHS US)

Not applicable

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 3: Composition/Information on ingredients

3.1. Substances Not applicable

3.2. Mixtures

Name	Product identifier	%	GHS-US classification
Dimethyl siloxane	Mixture*	1-5*	Flam. Liq. 2, H225 Skin Irrit. 2, H315 Eye Irrit. 2A, H319 Repr. 2, H361 STOT SE 2, H371
Fragrance*	Mixture*	<1*	Skin Irrit. 2, H315 Eye Dam. 1, H318 Skin Sens. 1, H317 Repr. 2, H361
Additive*	Mixture*	<1*	Skin Irrit. 2, H315 Eye Irrit. 2, H319 Skin Sens. 1, H317
Magnesium nitrate	Mixture*	<1*	Skin Corr. 1B, H314 Eye Dam. 1, H318 Skin Sens. 1, H317

*Chemical name, CAS number and/or exact concentration have been withheld as a trade secret Full text of hazard classes and H-statements : see section 16

First-aid measures general : Never give anything by mouth to an unconscious person. If exposed or concerned: Get medical advice/attention. First-aid measures after inhalation : Remove victim to fresh air and keep at rest in a position comfortable for breathing. First-aid measures after skin contact : Wash with plenty of scap and water. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse. First-aid measures after eye contact : Remove contact lenses, if present and easy to do. Continue rinsing. Rinse cautiously with water for several minutes. First-aid measures after inpaction : Rinse mouth. Do NOT induce vomiting. 4.2. Most important symptoms and effects (acute and delayed) Potential Adverse human health effects and : No additional information available. Symptoms/injuries : Suspected of damaging fertility or the unborn child. May cause damage to organs. Symptoms/injuries : Suspected of damaging fertility or the unborn child. May cause damage to organs. Symptoms/injuries : Suspected of damaging fertility or the unborn child. May cause damage to organs. Symptoms/injuries : Suspected of damaging fertility or the unborn child. May cause damage to organs. Symptoms/injuries : Suspected of damaging fertility or the unborn child. May cause damage to organs. Symptoms/injuries : Do not use a heavy water stream. S.1	SECTION 4: First-aid measures	
advice/attention. advice/attention. First-aid measures after inhalation : Remove victim to fresh air and keep at rest in a position comfortable for breathing. First-aid measures after skin contact : Wash with pienty of scap and water. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse. First-aid measures after eye contact : Remove contact lenses, if present and easy to do. Continue rinsing. Rinse cautiously with water for several minutes. First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting. 42. Most important symptoms and effects (acute and delayed) Potential Adverse human health effects and symptoms : Suspected of damaging fertility or the unborn child. May cause damage to organs. Symptoms/injuries : Suspected of damaging fertility or the unborn child. May cause damage to organs. Symptoms/injuries after inhalation : May cause an allergic skin reaction. 4.3. Immediate medical attention and special treatment, if necessary No additional information available : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Suitable (and unsuitable) extinguishing media : Do not use a heavy water stream. 5.2. Specific hazards arising from the chemical No additional	4.1. Description of first aid measures	
First-aid measures after skin contact : Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse. First-aid measures after eye contact : Renove contact lenses, if present and easy to do. Continue rinsing. Rinse cautiously with water for several minutes. First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting. 42. Most important symptoms and effects (acute and delayed) Potential Advices human health effects and symptoms : No additional information available. Symptoms/injuries : Suspected of damaging fertility or the unborn child. May cause damage to organs. Symptoms/injuries after inhalation : May cause an allergic skin reaction. 4.3. Immediate medical attention and special treatment, if necessary No additional information available : Suitable (and unsuitable) extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Specific hazards arising from the chemical No additional information available Suitable cardin protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.	First-aid measures general	
advice/attention. Wash contaminated clothing before reuse. First-aid measures after eye contact : Remove contact lenses, if present and easy to do. Continue rinsing. Rinse cautiously with water for several minutes. First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting. 4.2. Most Important symptoms and effects (acute and delayed) Potential Adverse human health effects and symptoms injuries : No additional information available. Symptoms/injuries : Suspected of damaging fertility or the unborn child. May cause damage to organs. Symptoms/injuries after inhalation : May cause an allergic skin reaction. 4.3. Immediate medical attention and special treatment, if necessary Nos additional information available : SUItable (and unsuitable) extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.1. Suitable ford unsuitable) : No additional information available : 5.3. Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting	First-aid measures after inhalation	: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
water for several minutes. water for several minutes. First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting. 4.2. Most important symptoms and effects (acute and delayed) Potential Adverse human health effects and : No additional information available. symptoms : Suspected of damaging fertility or the unborn child. May cause damage to organs. Symptoms/injuries : Suspected of damaging fertility or the unborn child. May cause damage to organs. Symptoms/injuries after inhalation : May cause an allergic skin reaction. 4.3. Immediate medical attention and special treatment, if necessary No additional information available SECTION 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media : Do not use a heavy water stream. 5.2. Specific hazards arising from the chemical No additional information available Stable (and protective equipment and precautions for fire-fighters Exercise caution when fighting any chemical fire. Prevent fire-fighting water fore netering environment. Stable fighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water fore netering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protecti	First-aid measures after skin contact	
4.2. Most important symptoms and effects (acute and delayed) Potential Adverse human health effects and information available. symptoms Symptoms/injuries Symptoms/injuries after inhalation : May cause an allergic skin reaction. 4.3. Immediate medical attention and special treatment, if necessary No additional information available SECTION 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Specific hazards arising from the chemical No additional information available 5.3. Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Energency responders <td>First-aid measures after eye contact</td> <td></td>	First-aid measures after eye contact	
Potential Adverse human health effects and symptoms : No additional information available. Symptoms/injuries : Suspected of damaging fertility or the unborn child. May cause damage to organs. Symptoms/injuries after inhalation : May cause an allergic skin reaction. 4.3. Immediate medical attention and special treatment, if necessary No additional information available Stection 5: Fire-fighting measures Stection 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Specific hazards arising from the chemical No additional information available : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. Stection 5: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders : Evacuate unnecessary personnel.	First-aid measures after ingestion	: Rinse mouth. Do NOT induce vomiting.
symptoms Symptoms/injuries Sym	4.2. Most important symptoms and effects	s (acute and delayed)
Symptoms/injuries after inhalation : May cause an allergic skin reaction. 4.3. Immediate medical attention and special treatment, if necessary No additional information available SECTION 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Specific hazards arising from the chemical No additional information available 5.3. Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water for entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures 6.1. For non-emergency personnel Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders	Potential Adverse human health effects and symptoms	: No additional information available.
4.3. Immediate medical attention and special treatment, if necessary No additional information available SECTION 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Specific hazards arising from the chemical No additional information available 5.3. Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel : Evacuate unnecessary personnel. Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders : Evacuate unnecessary personnel.	Symptoms/injuries	: Suspected of damaging fertility or the unborn child. May cause damage to organs.
No additional information available SECTION 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Specific hazards arising from the chemical No additional information available 5.3. Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders	Symptoms/injuries after inhalation	: May cause an allergic skin reaction.
SECTION 5: Fire-fighting measures 5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Specific hazards arising from the chemical No additional information available . 5.3. Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures . 6.1. For non-emergency personnel Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders	4.3. Immediate medical attention and spe	cial treatment, if necessary
5.1. Suitable (and unsuitable) extinguishing media Suitable extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Specific hazards arising from the chemical No additional information available . 5.3. Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures . 6.1.1. For non-emergency personnel Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders	No additional information available	
Suitable extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Specific hazards arising from the chemical No additional information available	SECTION 5: Fire-fighting measures	
Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Specific hazards arising from the chemical No additional information available 5.3. Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures 6.1. For non-emergency personnel Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders	5.1. Suitable (and unsuitable) extinguishing	ng media
5.2. Specific hazards arising from the chemical No additional information available 5.3. Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures 6.1. 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders	Suitable extinguishing media	: Foam. Dry powder. Carbon dioxide. Water spray. Sand.
No additional information available 5.3. Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures 6.1. 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders	Unsuitable extinguishing media	: Do not use a heavy water stream.
5.3. Special protective equipment and precautions for fire-fighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures 6.1. 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders	5.2. Specific hazards arising from the che	mical
Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures 6.1. 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders	No additional information available	
chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders	5.3. Special protective equipment and pre	ecautions for fire-fighters

Safety Data Sheet

Emerg	gency procedures	: Ventilate area.
6.2.	Environmental precautions	
Preve	nt entry to sewers and public waters.	Notify authorities if liquid enters sewers or public waters.
6.3.	Methods and material for conta	inment and cleaning up
Metho	ods for cleaning up	: Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Collect spillage. Store away from other materials.
6.4.	Reference to other sections	
See H	leading 8. Exposure controls and pers	sonal protection.
SEC	TION 7: Handling and storag	je
7.1.	Precautions for safe handling	
Preca	utions for safe handling	Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor. Avoid breathing vapors/spray. Obtain special instructions before use. Do not handle
		until all safety precautions have been read and understood.
Hygie	ne measures	
,,,	ne measures Conditions for safe storage, inc	until all safety precautions have been read and understood.Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse.
7.2.		until all safety precautions have been read and understood.Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse.

Incompatible materials

SECTION 8: Exposure controls/personal protection 8.1. Control parameters Xiameter OFX-536 Fluid Not applicable MERGAL CM1.5 Not applicable Flexisorb AQ-51C Not applicable W/S Honeydew Fragrance Not applicable

: Sources of ignition. Direct sunlight.

8.2. Appropriate engineering controls

Provide adequate ventilation

8.3. Individual protection measures/Personal protective equipment

Personal protective equipment:

Avoid all unnecessary exposure. Wash hands and other exposed areas thoroughly after handling.

Hand protection:

Wear protective gloves

Eye protection:

Chemical goggles or safety glasses

Respiratory protection:

Not typically required

Other information:

Do not eat, drink or smoke during use. Do not breathe vapors/spray.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 9: Physical and chemical properties		
9.1. Information on basic physical and chemical properties		
Physical state : Liquid		
Color : Opaque Green		
Odor : Fruit		
Odor threshold : No data available		
рН : 5.6		
Melting point : No data available		
Freezing point : No data available		
Boiling point : No data available		
Flash point : No data available		
Relative evaporation rate (butyl acetate=1) : No data available		
Flammability (solid, gas) : Non flammable.		
Vapor pressure : No data available		
Relative vapor density at 20 °C : No data available		
Relative density : No data available		
Specific gravity / density : 0.995 kg/l		
Solubility : No data available		
Log Pow : No data available		
Auto-ignition temperature : No data available		
Decomposition temperature : No data available		
Viscosity, kinematic : No data available		
Viscosity, dynamic : No data available		
Explosion limits : No data available		
Explosive properties : No data available		
Oxidizing properties : No data available		

9.2. Other information

No additional information available

SECTION 10: Stability and reactivity		
10.1. Reactivity		
Not expected to react under normal conditions of storage and use.		
10.2. Chemical stability		
Stable under normal conditions of storage and use.		
10.3. Possibility of hazardous reactions		
Not expected under normal conditions of storage and use.		
10.4. Conditions to avoid		
Direct sunlight. Extremely high or low temperatures.		
10.5. Incompatible materials		
Strong acids. Strong bases.		
10.6. Hazardous decomposition products		
Carbon monoxide. Carbon dioxide.		
SECTION 11: Toxicological information		
11.1. Information on toxicological effects		
Acute toxicity : Not classified		
Skin corrosion/irritation : Not classified		

Serious eye damage/irritation

pH: 5.6

: Not classified pH: 5.6

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Respiratory or skin sensitization Germ cell mutagenicity Carcinogenicity	 May cause an allergic skin reaction. Not classified Not classified
Reproductive toxicity Specific target organ toxicity – single exposure	Suspected of damaging fertility or the unborn child.May cause damage to organs.
Specific target organ toxicity – repeated exposure	: Not classified
Aspiration hazard	: Not classified
Potential Adverse human health effects and symptoms	: Based on available data, the classification criteria are not met.
Symptoms/injuries Symptoms/injuries after inhalation	Suspected of damaging fertility or the unborn child. May cause damage to organs.May cause an allergic skin reaction.

SECTIO	ON 12: Ecological information		
12.1.	Toxicity		

No additional information available

12.2.	Persistence and degradability		
Ceram	Ceramic 3-in-1 Wax		
Persist	tence and degradability	Not established.	

12.3.	Bioaccumulative potential		
Ceram	Ceramic 3-in-1 Wax		
Bioacc	umulative potential	Not established.	

12.4. Mobility in soil

No additional information available

12.5. Other adverse effects

Other information

: Avoid release to the environment.

SECTION 13: Disposal considerations

 13.1.
 Disposal methods

 Product/Packaging disposal recommendations
 : Dispose in a safe manner in accordance with local, state and federal regulations.

SECTION 14: Transport information

Department of Transportation (DOT)

In accordance with DOT

No additional information available

TDG

No additional information available

Transport by sea

No additional information available

Air transport

No additional information available

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 15: Regulatory information		
15.1. US Federal regulations		
Ceramic 3-in-1 Wax		
SARA Section 311/312 Hazard Classes	Respiratory or skin sensitization Reproductive toxicity Specific target organ toxicity	

CANADA No additional information available	
No additional information available	

EU-Regulations

No additional information available

National regulations

No additional information available

15.3. US State regulations

No additional information available
