PRODUCT INFORMATION

GUNK® ENGINE CLEANER & DEGREASER –MULTI-SURFACE

CODE: EBT32

PAGE: 1 of 1

DATE: 12/14/2012

<u>FUNCTION AND APPLICATION:</u> Gunk Engine Cleaner & Degreaser – Multi-Surface is specially designed to clean and degrease every surface of your engine. Just like our Original Engine Degreaser, this formula is built to tackle the toughest dirt, grease and oil the road can throw at it and is readily biodegradable. This Zero-VOC formula is safe for use on all metals and plastics under the hood. A clean engine will run cooler, last longer and hold it value better over it lifetime. Always make sure to clean your engine and then protect it with our Engine Protector- shine product.

<u>USE DIRECTIONS:</u> 1. Engine must be off and cool. 2. Care must be taken with all under hood wiring and electrical sensors. Cover with plastic open carburetor(s), air intakes, computers, modules and any cracked or frayed wires. 3. Shake well and apply generously to all under-hood surfaces. 4. Allow Gunk Engine Cleaner & Degreaser to soak in for 10 minutes. Brush any unusually heavy deposits to break up grease and dirt. 5. Rinse off areas with a fine spray of water from top down. Minimize rinse water in areas that cause performance problems (intake and electrical). 6. When complete, remove covered areas and start engine, allowing it to idle and dry for 15 minutes. 7. Apply Gunk Engine Protector for a lasting shine and to make future clean-up easier.

SAFEGUARD OUR ENVIRONMENT, USE THE MINMUM AMOUNT OF RINSE WATER NECESSARY AND SEE DISPOSAL STATEMENT BELOW. All ingredients are readily biodegradable by ASTM 5864, OECD 3018 Modified Sturm Test and will rapidly degrade in soil and water.

<u>PRECAUTIONS:</u> Contain: water (7732-18-5), Glycol ether DB (112-34-5), oleic acid (112-80-1), Triethanolamine (102-71-6), pH buffers (1336-21-6/77-92-9/497-19-8) and orange oil fragrance (5989-27-5). Eye Irritant. Avoid contact with eyes. KEEP AWAY FROM CHILDREN AND ANIMALS.

Note: Professional users should consult Material Safety Data Sheet prior to using this product. Call 704-821-7643 or visit www.gunk.com for MSDS.

FIRST AID: For eye contact, flush with water for 15 minutes and while lifting eyelids. If irritation develops, get prompt medical attention. For Skin Contact, wash with soap and water. If irritation develops, get prompt medical attention. For Inhalation, move to fresh air. If breathing becomes difficult, get prompt medical attention. For Ingestion: Do not take internally. If swallowed do not induce vomiting. Call Poison Control Center, Physician, or Hospital Emergency Room Immediately.

STORAGE, HANDLING and DISPOSAL: To eliminate product leakage, ensure that sprayer body is tightly secured or bottle at all times and put spray head in off position when not using product. Dispose of product, container and residue in accordance with all local, state and federal laws and regulations. The residue resulting from removal of petroleum oils, grease may be considered a hazardous waste depending on where and how generated. The use of this product to clean engines and bilge in watercraft produces a hazardous waste that cannot be discharged into any waterway. Disposal of contaminated rinse into water courses, sewer or on the ground may also be prohibited by Law.

CONTAINER DESCRIPTION: Packaged in 32 fluid ounce bottle with sprayer.
