FEATURED CONSOLES

EXTRA STURDY & CONTOURED

C-VS-3000-F150-1

- Vehicle specific 30" console
- OEM aux panel integration
- Built-in radio speaker mounting
- Internal telescoping pole mounting

The image shows the interior of a vehicle, specifically the center console area. A custom console is installed, featuring a black plastic housing. The console is open, revealing a storage compartment filled with colorful file folders (yellow, blue, red, and green). Below the storage compartment, there is a writing surface with a clipboard. To the right of the writing surface, a Brother PocketJet 9 printer is integrated into the console. The printer is black and has a white sheet of paper emerging from it. The console is mounted in the center of the vehicle, between the driver and passenger seats. The background shows the steering wheel, dashboard, and center console of the vehicle. The overall lighting is dim, with a blue tint, suggesting an interior view at night or in a dimly lit environment.

UNIVERSAL CONSOLE

C-3012-PM

- Lockable file storage

CHEVY TAHOE SOLUTIONS

HAVIS

A photograph of the interior of a Chevy Tahoe, focusing on the center console. The console is equipped with a HAVIS (Heavy Duty Vehicle Interface System) unit, which is a black, ruggedized control panel. The HAVIS unit features a side-mounted arm rest, a dual cup holder, a microphone, and various buttons and controls. The background shows the car's dashboard, steering wheel, and leather seats. The overall lighting is dim, highlighting the HAVIS unit.

A close-up photograph of a commercial truck's front left side. The truck is dark-colored and has a prominent chrome headlight that is illuminated, casting a warm glow. Below the headlight is a large, multi-spoke alloy wheel with a black tire. The truck is parked on a gravel surface. The background is slightly blurred, showing more of the truck's body and a red component. The overall lighting is dramatic, with strong highlights and deep shadows.

COMMERCIAL TRUCK & VAN SOLUTIONS

HAVIS

A photograph of a commercial truck's interior, focusing on a custom console. The console is a large, dark-colored unit with a side-mounted arm rest, two cup holders, and a central control panel. A laptop is mounted on top of the console, and a power monitor is visible on the side. The background shows the truck's dashboard and steering wheel.

- Havis USB keyboard & mount

The image shows the interior of a commercial vehicle, likely a truck or van, with a focus on the driver's seat. A large, ruggedized tablet is mounted on the dashboard, displaying the HAVIS logo. The tablet is a Panasonic model, as indicated by the text at the bottom of the screen. Below the tablet, a keyboard is mounted on a tray, also featuring the HAVIS logo. The steering wheel is visible on the left, with the Chevrolet logo and 'AIRBAG' text. The dashboard includes several gauges and a small display screen. The overall scene is set against a background of a city street, suggesting a commercial or delivery environment.

- Red backlit keys

VERSATILE SOLUTIONS

UNIVERSAL CRADLE & MOUNT

UT-301, C-MAG-100

- Universal Cradle for 7" to 9" devices
- Portrait or landscape viewing
- Lock & key Included
- 140 lb pull Magnetic Mount

RUGGED PHONE MOUNT

PKG-WIN-102; PKG-WIN-101

- Industrial suction cup mounting
- Fully adjustable
- Quick release button
- Standard & telescoping 18" arm

VERSATILE SOLUTIONS

HAVIS

VERSATILE SOLUTIONS

HAVIS REDEFINES COMFORT WITH VERSATILE SOLUTIONS.

Just because technology changes, doesn't mean your mount should change.

Versatile Solutions offer the strong hold and durability you expect from Havis, without the commitment to one device.

Adaptable. Dependable. Adjustable.

KEEPING YOUR DEVICE WITHIN ARMS REACH

Phones are an integral part of our daily life. Choose a strong mount with adjustable arm & universal cradle that adapts to the way you live.

- Suction Cup Phone Cradle: PKG-WIN-101
- Suction Cup Phone Cradle Long: PKG-WIN-102
- Phone Cradle: UT-501

ACCESSIBLE

VERSATILE SOLUTIONS

DEPENDABLE & CONVENIENT

SECURE MOUNTS FOR THE WORK PLACE

Phones, tablets, scanners and printers are essential tools. Keep them safe and convenient throughout the work place with material handling solutions.

- Bar Clamp Mount: MD-403
- Dual Ball Bolt Mount: MD-401
- Dual Ball Bolt Mount MD-402

STURDY & CON

ADAPTABLE & UNIVERSAL

Technology should be accessible. Our mounts adapt to the work place and adjust to your needs, without taking up space.

- Magnet Mount: MAG-100
- Bluetooth Keyboard: KB-103
- 7-9" Tablet Cradle: UT-301

EFFICIENT & FLEXIBLE

FLEXIBILITY WHERE YOU NEED IT

Working from your vehicle ought to be easy. The Flexible Arm mount gives you access to technology when you need it, where you need it.

INTEGRATED CONTROL SYSTEM

In cooperation with:

PROGRESSIVE IN-VEHICLE TECHNOLOGY FOR THE MODERN POLICE FLEET

Ford Police Interceptor Utility

Ford Police Interceptor Sedan

AN ENHANCED USER EXPERIENCE EMERGES

The Integrated Control System combines cutting-edge, on-board technology, the convenience of touch control, and increased space to provide police officers with a comfortable, safe and connected solution in their cockpit. This highly integrated and customizable control system also creates a more efficient work environment.

- **Vehicle Integration:** The Integrated Control System is designed to fit the Ford Police Interceptor Utility and Ford Police Interceptor Sedan dash without permanent modification. Retrofit can restore original OEM dash or leave the display.
- **Safety:** By relocating computers and video sources to the trunk, the Integrated Control System allows for a flush profile of the OEM dash and a clean cockpit. This ensures OEM safety systems are unobstructed and avoids airbag interference.
- **Ergonomics:** The placement and orientation of the Touch Screen Display achieve the ideal position for the driver's and passenger's health, comfort, efficiency and safety.
- **Display Visibility and Durability:** The ultra-wide viewing angle of the sunlight-readable LCD Touch Screen Display gives the driver or passenger full control of the system. It is composed of chemically strengthened glass that can withstand impact without chipping.

HOW THE HAVIS INTEGRATED CONTROL SYSTEM WORKS

VIDEO DISPLAY 1

Driven by the Embedded Processor, the Touch Screen Display provides control for functions such as AM/FM Radio, camera, systems, and settings.

The **Touch Screen Display** provides user control of all functions and settings in the Integrated Control System.

Use one-touch **MODE** button to easily alternate between Video Display 1 and 2.

VIDEO DISPLAY 2

The A/V Extender allows for video input from a remote PC, Laptop or Tablet that connects to the Touch Screen Display.

The **Embedded Processor** connects to Ford wiring and replaces the OEM AM/FM Radio Module.

A sophisticated audio management system prioritizes the use of the vehicle's audio system so important communications are not missed.

Vehicle Cabin

Vehicle Trunk

Havis trunk mounts secure and organize the PC, laptop or tablet as well as other in-vehicle equipment. Havis also recommends installing ChargeGuard to prevent dead batteries.

In the closed position, Havis' recommended trunk mounts protect equipment and provide access to the majority of the trunk space for additional storage and transport.

BASE PACKAGE COMPONENTS

Touch Screen Display

- 12.1" ultra-durable portrait display
- Multi-touch operation (pinch & swipe)
- Pressure sensitive screen allows for use with wet gloves and/or gloves
- Power and video from a single cable from Embedded Processor
- Internal heater activates below -20°C

Resolution	800 x 1280 (optimal), 1024 x 1280, & 1024 x 1600
Brightness	1200 NIT Daylight Readable
Viewing Angle	88° from all angles
Environmental	-20°C to +70°C (-4°F to +158°F)

Tactile Controls

- Convenient tactile control of Touch Screen
- Display: volume, display brightness and blackout
- One-touch MODE button easily alternates between the two displays
- Replaces factory HVAC (climate) controls, hazards and airbag indication
- Compatible with OEM factory wiring
- HVAC Fan speed, Temperature and Volume are displayed on Touch Screen Display when changed
- An audible beep can be heard on the system speakers to indicate a valid HVAC button press

Touch Technology	Cap-Sense touch pad controls
Buttons	16 controls with LED back-lighting and status indication
Environmental	-40°C to + 85°C (-40°C to +185°C)

A/V Extender

- Ability to remotely connect an external audio/video source to the Touch Screen Display such as PC, laptop or tablet
- Connects VGA or HDMI, micro-USB*, and analog audio to Embedded Processor with a single shielded CAT6A cable, which is designed for an automotive environment

Inputs from PC	VGA, HDMI, micro-USB*, Audio
Power	No separate power required
Environmental	-40°C to + 85°C (-40°C to +185°C)

* micro-USB only allows for the input of external keyboard, mouse and touch screen feedback

Embedded Processor

- Mounts in place of OEM AM/FM radio module
- Controls AM/FM Radio, A/V Extender
- Steering wheel control functionality is highly customizable to provide "one push" operation of critical functions
- Supports Bluetooth Phone connectivity via the Parrot CK3100 Car System

I/O	CAN, USB, RS232, Ethernet, Discrete, A/V
Amplifier	4 x 20W speakers
Radio	AM/FM/WB tuner
Application Framework	Android 4.1
Environmental	-40°C to +85°C (-40°C to +185°C)

RECOMMENDED MOUNTING OPTIONS

Console Mounting Packages	Vehicle specific console (standard or low profile), cup holders and arm rest
Console Mounting and Keyboard Packages	Vehicle specific console (standard or low profile), cup holders, arm rest, keyboard with mounting plate, and tilt-swivel motion device
Trunk Mounting	FORD POLICE INTERCEPTOR SEDAN: Premium Fold Down Trunk Tray or Full Width Trunk Tray Bearing FORD POLICE INTERCEPTOR UTILITY: Universal Storage Box for Utility Vehicles or Premium Fold Up Equipment Tray

Universal Products

Havis Touch Screen Display & Havis Keyboard and Mount (patent pending) System

Touch Screen Display: Maximizes in-vehicle cabin area for driver and passenger, as it is mounted to dash and computing device and docking station are mounted in trunk. Capacitive technology allows multi-touch 2 finger for pinch, zoom, activate.

Keyboard and Mount (patent pending) System: Havis Rugged USB Backlit Keyboard and Mount are an impressive combination. IP65 rating, red monochrome illumination and capacitive technology allows multi-touch 2 finger mousepad.

Laptop and Tablet Docking Stations/Cradles

Havis' docking stations are available for Panasonic, Dell, Getac and more. The Universal Laptop and Tablet Mount allows you to mount any brand of laptop computer or tablet without sacrificing crash test standards and durability.

Mobile Office Accessories

For in-vehicle mobile equipment, Havis offers innovative accessories such as the Rugged Hub - a USB/Ethernet Communications Hub. This groundbreaking product makes adding peripherals to your mobile workspace safe, and easy. Other mounting accessories such as printer mounts and card reader brackets allow you to effectively run customer information & print receipts directly from your vehicle.

Power Management Solutions

Auto Shut-Off Timer: ChargeGuard® auto shut-off timers safeguard expensive communications devices and computers with intelligent circuitry protection, ultimately ensuring you will never have a dead battery again.

Idle Management: IdleRight2® is the next generation of Havis Idle Reduction systems, saving you fuel and maintenance costs by reducing idle time while performing mission-critical tasks in your mobile workspace.

Havis can support many vehicles with our quality products that are designed specifically for that vehicle type. Combine those with the hundreds of universally mounted products Havis manufactures, and you have the largest product portfolio available. You can create your mobile office the way you want and the way you need it.

All of Havis' products are designed to seamlessly work with each other to complete your solution. Contact a Havis representative to assist in configuring our products into a "build your own solution" that meets all of your needs.
