

# **HUSKY** **WeatherBEATER™** **Custom Vehicle Floor Protection**

## CARE AND USE INSTRUCTIONS

---

Your new liner is custom molded to fit your vehicle. Upon removal from the box your liner will not completely unroll and lay flat. This is normal and only temporary. Just place the liner on the floor or in the back of your vehicle with a weight in each corner (a book works well). After a few minutes, your liner will remain flat. In colder climates this “relaxing” may take longer; moving the liner to a heated area will accelerate the process.

Your liner is manufactured using an engineering resin that is lightweight and extremely tough and durable. The easiest way to clean your liner is with a damp cloth or sponge. If using a cleaner, 409® or Glass Plus® work well. Use of Armor All®, Son-of-a-Gun® or similar items is discouraged as these products make the liner slick.

## INSTALLATION INSTRUCTIONS FOR YOUR CHEVROLET EQUINOX/GMC TERRAIN CARGO LINER (VEHICLES WITHOUT CARGO CLOSE OUT PANEL\*)

YOUR CARGO LINER IS DESIGNED TO WORK WITH THE SECOND ROW SEAT ADJUSTED TO ITS MOST REARWARD POSITION. YOU WILL HAVE TO SLIDE THE SECOND ROW SEAT TO THIS POSITION FOR THE CARGO LINER TO FIT PROPERLY.

\*THE CARGO CLOSE-OUT PANEL IS A PLASTIC PANEL THAT COVERS THE GAP BETWEEN THE FRONT EDGE OF THE CARGO SPACE AND THE BACK OF THE 2<sup>ND</sup> ROW SEAT (SEE IMAGE ON BACK OF PAGE).
