## Triple Axle Fender Skirts

Your search for brand specific, hard to find fender skirts is over...our selection of RV fender skirts date back to the 70's. With many of today's popular brands, styles and color choices, we are confident you'll find a perfect fit for your RV. If we don't have the model your looking for simply send us your fender skirt and we'll re-create it... All Fender Skirts are packaged and sold individually.

ICON Triple axle Fender Skirts are designed as a two piece part, with a snap together feature in the center (with some exceptions, where some models have a slide out split pre-molded). After installation the seam is virtually invisible. Both pieces are packaged in a carton allowing for regular parcel shipping, and huge freight savings.

Molded of high-impact ABS with a textured scuff resistant surface that improves the look...and value of your RV. Available in many of today's popular colors - See Color Guide on Page 137.

# The story

Icon Technologies Limited is a supplier of rotational molding and thermoformed plastic products serving the RV industry. The company just completed the construction of a new production facility due to the increased demand of their products. ICON now has the capacity to make new products and supply more original equipment manufacturers (OEM), dealers, and consumers.

## Success by Design

John Loewen founded ICON in 1997, with a few ideas and the knowledge to design and manufacture. Loewen grew up in Winkler, a community of fewer than 15,000 people, and gained a great deal of knowledge from his father, an exceptional craftsman and pattern maker. “I basically grew up designing and building products, which has been an asset to growing the company to where it is today,” says Loewen. Armed with the ability and knowledge to create new products, Loewen was driven to start ICON in what he calls a “1,600 square foot glorified two-car garage.” The space was quickly outgrown and has been steadily growing ever since, adding production space throughout the years. After identifying the need for more space once again in 2016, the company began designing and building the new 105,000 square foot state of the art manufacturing plant and warehouse. ICON currently resides on 17 acres of land in Winkler’s Cloverdale Industrial Park, with a 2021 expansion already in the works.

Until 2008, ICON had only a small offering of aftermarket products. Then came the news of the closing and bankruptcy of Fleetwood RV – which got Loewen thinking of a new opportunity. Loewen knew the closing of the

world’s largest RV manufacturer at the time would create a void that would need to be filled. Fleetwood owners were trying to maintain their units, but were no longer able to find the replacement parts they needed. ICON began identifying model years that were no longer being supported and developed replacement parts for those ‘orphaned RVs’. “Today, ICON has a full range of parts that are not being supported by the original manufacturers for various reasons. Our specialty is producing parts that are not readily available under other means, not only for those ‘orphaned RVs’ but also for existing manufacturers in their aftermarket. That has worked really well for us,” says Loewen.

## Success by Product

What has made much of this possible for ICON is the relationship with the end consumer through the company website. The product requests from RV owners are what keep new products in the pipeline. Loewen says, “Back in 2008, we had a small selection of fender skirts available on our website. If we didn’t have the exact model consumers were looking for, we offered to recreate it for them by having them send us their broken pieces. This is how we were able to restore products for the ‘orphaned RVs’ and

build up our product library.” Today, ICON has over 800 fender skirt parts available. Other products the company manufactures include skylights, air-conditioning shrouds, wind deflectors (an item also popular with the truck market), and other specialty items. ICON is also able to provide fresh water tanks to the company's 2016 expansion into rotational molding.

ICON has developed a strong network of international distributors and dealers to deliver its products, primarily in the US, Canada, Mexico and Japan. However, this is not the only way consumers can purchase from ICON. ICON strives to make business as easy as possible for dealers and distributors by supplying point-of-purchase (POPs) materials, including a three-sided display that helps RV owners find ICON's products. “When the consumer walks into a dealership, they may not necessarily be thinking about the crack in their fender skirt or their broken air-conditioning shroud, but the display brings it back to mind,” Loewen says. “ICON brings value to the dealership by offering POPs, fender skirt signs, and online search databases. These are resources that competitors may not be offering the dealers.”

The products at ICON are of various shapes and sizes, which requires many different types of packaging. The company owns a CNC-operated box maker and large format color printer, which allows it to design a box specific to the product on demand. ICON also creates and prints its own graphics which allows it to brand specifically for each product. With the company's existing warehouse space, it is able to keep stock of all of 1,600 different products so it can ship directly from inventory rather than made to order as has been done in the past. As a supplier to North America, Winkler is a good spot to be. ICON is minutes from the United States border and about equal distance to all the outside parameters of North America. This allows orders to our customers in the US to be trucked directly through customs and then shipped to their destinations.

**ICON is also able to provide fresh water tanks and waste holding tanks, thanks to the rotational molding division.**

### Growing Bigger – and Better

Loewen believes the reason people choose ICON over its competitors is the quality the brand represents and the accessibility through its webstore. “Our parts are typically of higher quality than what the unit originally came with. For instance, our skylights are more than twice as thick as the original. In terms of our website, it is easy to navigate, find the replacement part, and make the selection,” Loewen says. All they need to know is the size of the product and the brand of the unit on which it is fitting. This is a feature nobody else in the industry offers.” The combination of these qualities makes it easy for consumers to select ICON over other aftermarket brands.

One thing that Loewen speaks proudly of is the company culture at ICON. “I believe this is what makes the company exceptional. We take care of our employees by providing them with an enjoyable environment – a clean and modern facility, comfortable break room that serves

homemade lunches, and organized workspaces – where they can excel in their work. All of these things together help employees to build relationships with one another and creates a positive work environment. ICON also has a flat organizational structure, which allows people to work freely and to have autonomy and pride over their own work.

We believe that if our employees feel they are being treated well, they will in turn treat our customers well.” Loewen also stated, “In order to provide great quality products you also have to have great quality equipment and technology. Having equipment that is reliable, easy to use and set up, and allows fast mold changes helps to accommodate our wide range of products. Although the parts are technically challenging to produce, the introduction of computer-operated equipment has helped to produce consistency from part to part and ensure consumers are receiving the quality products they expect. Both the hard-working staff and the dependent technology has been the key to building a strong brand in the market.”

Loewen finishes with,

“We are extremely pleased with the rapid growth and success of the company in the last few years, and we are very excited to see what the future holds for ICON. We believe ICON is well-positioned moving forward to supply products to the aftermarket and OEM customers to meet the growing demands of the RV industry.”

It is completely free for any RV Traveller! Just stop by and take an available site, or contact our customer service to check availability.

# Complementary RV stopover sites

As a service to the RV community, ICON maintains four complimentary stopover sites, right at our manufacturing plant in Winkler, MB. We are conveniently located near the center of the continent near frequently travelled routes.

Photography by Art Wiebe

Photography by Art Wiebe

Nearby is the Winkler Discovery Nature preserve, as well as easy access to downtown shopping and other attractions. While stopped over, feel free to come in and have a chat with our friendly staff. We would love to hear about your RV travels!

# AeroShield™

by 

Wind Deflector

**SAVE FUEL**

&

*tow with ease*

- Aerodynamic
- No drill installation
- Fits all tow vehicles
- Keeps bugs off trailer
- Increases your fuel economy
- Improves stability and handling

**ORDER DIRECT & SHIP TO HOME**

## AeroShield Wind Deflectors

Engineered for today's tow vehicles...

The AeroShield's aerodynamic design reduces wind resistance and practically eliminates turbulent winds trapped between the tow vehicle and the fifth wheel or trailer, ensuring smoother handling and improved performance. The AeroShield can be adjusted to virtually any angle allowing maximum aerodynamic efficiency and easily folds down when not in use. Ships completely assembled (includes mounting hooks #2, #6, #8 & #9) ready for installation.

- Requires no drilling or modifications to the vehicle
- Fits most vehicles (see application guide)
- Up to 3mpg better fuel mileage
- Improved stability and handling
- Eliminates bugs on the trailer
- Can be folded down to 6 1/2" height

## WIND DEFLECTOR INSTRUCTIONS

WD500 SERIES & WD600 SERIES

### IMPORTANT! READ BEFORE INSTALLING

1. Our wind deflectors are designed to mount onto the majority of vehicles on the market today. The gutter hooks provided fit most external or internal rain gutters. There are also some vehicles where this design is not applicable. It is the customer's responsibility to choose and install the correct hook for their respective vehicle and to check for proper fit.
2. Road safety considerations require that all bolts and straps should be inspected regularly for tightness when installing the wind deflector for a long period of time. Travelling at high speeds, high winds, or driving on gravel causes vibrations, which could loosen bolts and straps. We recommend inspecting your AeroShield every 500 km when driving on pavement and every 200 km when driving on gravel.
3. The utility strap can be cut to an exact length where required. The cut edge should then be sealed by heating lightly with an open flame until the material starts to melt.

### Preparation for Installation

1. Choose the appropriate suction cup mounting position for your vehicle, taking into account any ribs on your roof.
2. Move suction cups to desired position by removing bolts and re-attaching.
3. Ensure that all bolts on entire wind deflector are fully secure before mounting on vehicle.

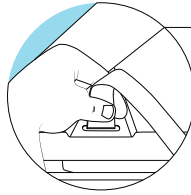

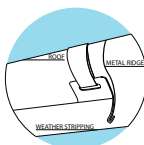

#### Internal Rain Gutter

#### External Rain Gutter

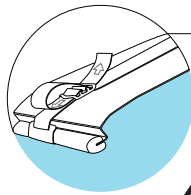

#### #9 Hook, Concealed under weather stripping

**1** Feed the nylon strap through the slot on the side of the wind deflector.

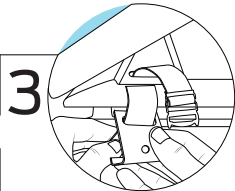

Choose appropriate hook for your vehicle according to the Wind Deflector Hook Application Guide.

**2**

**4**

Feed the end of the strap through the middle of the buckle from the bottom, then through the front of the buckle from the top. After that feed the end of the strap through the back of the buckle from the top.  
(The strap should now make a loop.)

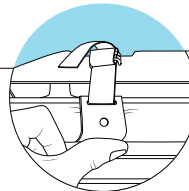

**3**

Slide the correct hook onto the nylon strap.

Repeat the above steps for each of the four straps.

**5**

With vehicle doors open, position the hooks so that they firmly engage the external or internal rain gutters. (Some vehicles do not have rain gutters. The hooks should attach to the cab between the door and the roof.) All four hooks must be used. **DO NOT** attach hooks to the door or window.

**6**

Adjust tension on the four straps evenly so that the wind deflector is centered on the roof and hooks are securely attached to the vehicle. **BE SURE TO FULLY TIGHTEN THE STRAPS.** There should be no slack on the straps if tightened properly.

**7**

Adjust the angle of the wind deflector so that it is aimed at the top of the trailer you are towing.

**8**

**9**

Tighten the 3-prong wing nut and bolt after adjusting the angle.

Your wind deflector is now ready for use!

**Worn out skylight domes can cause water damage.**

**Replace It!**

Made of an impact resistant LEXAN polycarbonate material, ICON replacement skylight domes come in a variety of sizes and shapes.

All models have a flat flange that allows for an easy & leak free seal to the roof of your RV.

## Skylight Sealant

White Butyl Rubber Sealant. Use this sealant to install all ICON external Skylight domes. Standard 10 oz. Caulk tube.

**12062** White

### RV Tips ✂

Use ICON Sealant when installing your new ICON Replacement Skylight Dome. It's specially formulated for use with both our polycarbonate material and your RV roof. It's safe for most common RV rooftops including EPDM Rubber.

## Skylight Inner Domes

An Inner Dome provides a layer of insulation and reduces condensation forming on the outer skylight. Molded of white ABS plastic material with a clear center insert.

### Skylight Inner Dome **SL1422**

14" x 22" x 2" or 5"

<b>01981</b>	Polar White	5" Depth
<b>12149</b>	Polar White	2" Depth

## Skylight Inner Garnishes

Complement the look of your new skylight with an inner garnish. Molded of white ABS plastic material, easily trimmed to fit any roof thickness.

## Not all A/C shrouds are created equal

### Replace It!

ICON's aftermarket replacement air-conditioner shrouds are molded of high impact UV resistant material, **thicker and stronger than the originals.**

Buy an ICON shroud and you'll have complete peace of mind, knowing that your shroud is designed to last.

### Advent AC Series A/C Shroud

Shroud fits AC135-AC150 Advent Air Conditioner Units. Attaches with 4 screws on the left side, 4 screws on the right side and 4 screws on the rear of the unit (hardware not included).

Overall Dimensions: 34 1/2" x 30" x 10 3/4"

**12280** Polar White

**12281** Black

### Advent ACM Series A/C Shroud

**NEW**

Shroud fits ACM135-ACM150 Advent Air Conditioner Units. Attaches with 4 screws on the left side, 4 screws on the right side and 4 screws on the rear of the unit (hardware not included).

Overall Dimensions: 35 1/2" x 29 1/2" x 10 3/4"

**14371** Polar White

**14372** Black

### Carrier AirV A/C Shroud - Low Profile

Shroud fits Low Profile Carrier Airv Air Conditioner Units. Attaches with 4 screws on the left side and 4 screws on the right side of the unit (hardware not included).

Overall Dimensions: 41 5/8" x 26 5/8" x 6 1/2"

**01837** Polar White

### Carrier AirV A/C Shroud - Standard

Shroud fits Standard Carrier Airv Air Conditioner Units. Attaches with 5 screws on the left side and 5 screws on the right side of the unit (hardware not included).  
Overall Dimensions: 40 3/4" x 26" x 10 3/4"

**12128** Polar White

### Coleman A/C Shroud

Shroud fits many of the Coleman Mach and Roughneck series Air Conditioners. Attaches with the original hardware (not included). The bolt pattern on the top is 20.85" X 17.75" wide.

Overall Dimensions: 42" x 30" x 12 3/4"

**00751** Polar White

**01550** Black

### Coleman Mach 8 A/C Shroud

Shroud fits all Mach 8 Cub units.  
Overall Dimensions: 43" x 31" x 9"

**12278** Polar White

**12279** Black

### Dometic Brisk Air A/C Shroud

Shroud fits all new style 11,000, 13,500 & 15,000 BTU original Brisk Air by Dometic Air Conditioners manufactured after 2000. If the air conditioner model number ends in .x31 or .x41 (example: 57915.531, 57915.331, 57915.541) then it is likely a new style - Note: the new style shroud is almost 2" lower than the old style. Attaches with original hardware (not included).

Overall Dimensions: 35 1/2" x 29 1/2" x 10 3/4"

**01544** Polar White

### Dometic Brisk Air A/C Shroud (Old Style)

Shroud fits all old style 11,000, 13,500 & 15,000 BTU original Brisk Air by Dometic Air Conditioners manufactured prior to 2000. If the air conditioner model number ends in .x21, .x22, .051, .501, .601 or .603 (example: 57915.622, 57912.622, 59516.603, 59516.501) then it is likely an old style. ICON has improved the design by making it 2" taller, thus eliminating the need to purchase and attach the grey band used on the original, reducing cost and installation time. Attaches with original hardware (not included).

Overall Dimensions: 35 1/2" x 29 1/2" x 12 5/8"

**01545** Polar White

## Dometic Brisk Air II A/C Shroud

Shroud fits all Brisk Air II units.  
Overall Dimensions: 29 1/2" x 27 1/2" x 10 3/4"

- 
- |              |             |
|--------------|-------------|
| <b>12272</b> | Polar White |
| <b>12273</b> | Black       |
- 

## Dometic Penguin Vented A/C Shroud

Shroud fits 11,000, 13,500 & 15,000 BTU original Penguin Air Conditioners. Vented on the left side for extra cooling - recommended on 15,000 BTU models. Attaches with original hardware (not included).  
Overall Dimensions: 40" x 28 1/2" x 6 1/2"

- 
- |              |             |
|--------------|-------------|
| <b>01914</b> | Polar White |
| <b>01915</b> | Black       |
- 

## Dometic HP A/C Shroud

Shroud fits all Dometic HP units.  
Dometic part numbers: 3310710.003.  
Overall Dimensions: 39 1/2" x 29 3/4" x 10 3/4"

- 
- |              |             |

## Fresh Water Tank **WT1239**

**NEW**

51" x 32" x 4 1/2" - 26 US Gallon Capacity.

**14095** 0229647 from Amerikart

## Fresh Water Tank **WT2453**

38" x 22" x 14" - 50 US Gallon Capacity.

**12453** Tank Only

**12717** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

## Fresh Water Tank **WT2450**

54" x 20" x 9" - 39 US Gallon Capacity.

**12450** Tank Only

**12714** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

## Fresh Water Tank **WT2454**

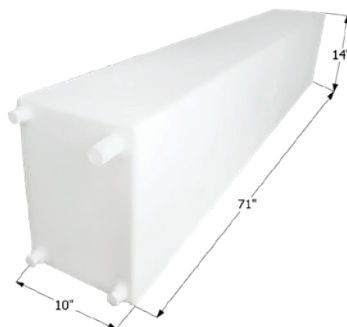

24" x 18" x 12" - 20 US Gallon Capacity.

**12454** Tank Only

**12718** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

## Fresh Water Tank **WT2451**

71" x 14" x 10" - 41 US Gallon Capacity.

**12451** Tank Only

**12715** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

## Fresh Water Tank **WT2455**

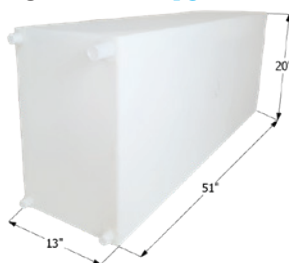

33" x 18" x 9" - 20 US Gallon Capacity.

**12455** Tank Only

**12719** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

## Fresh Water Tank **WT2452**

51" x 20" x 13" - 54 US Gallon Capacity.

**12452** Tank Only

**12716** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

## Fresh Water Tank **WT2456**

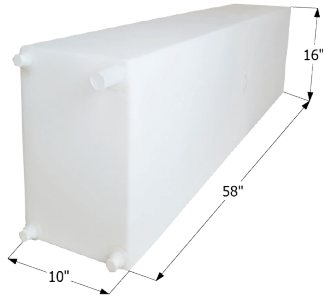

47" x 21" x 16" - 63 US Gallon Capacity.

**12456** Tank Only

**12720** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

### Fresh Water Tank **WT2457**

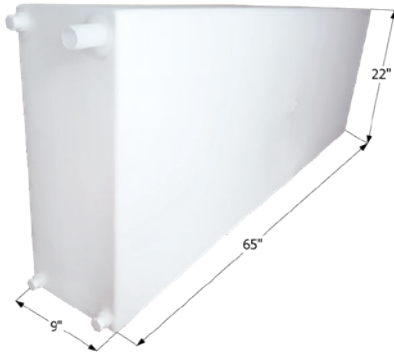

58" x 16" x 10" - 38 US Gallon Capacity.

**12457** Tank Only

**12721** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

### Fresh Water Tank **WT2458**

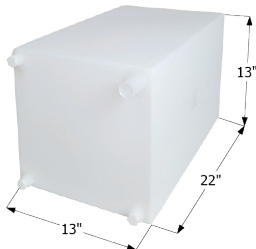

65" x 22" x 9" - 51 US Gallon Capacity.

**12458** Tank Only

**12722** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

### Fresh Water Tank **WT2459**

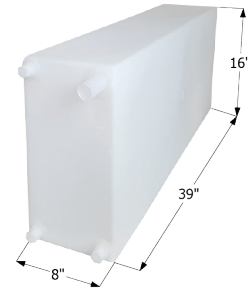

22" x 13" x 13" - 15 US Gallon Capacity.

**12459** Tank Only

**12723** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

### Fresh Water Tank **WT2460**

39" x 16" x 8" - 20 US Gallon Capacity.

**12494** Tank Only

**12724** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

### Fresh Water Tank **WT2461**

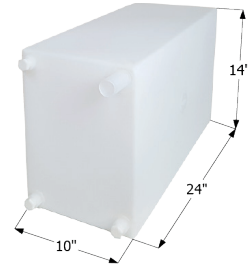

39" x 16" x 16" - 40 US Gallon Capacity.

**12495** Tank Only

**12725** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

### Fresh Water Tank **WT2462**

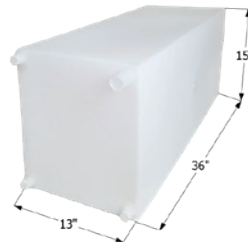

24" x 14" x 10" - 15 US Gallon Capacity.

**12496** Tank Only

**12726** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

### Fresh Water Tank **WT2463**

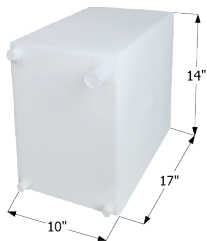

36" x 15" x 13" - 30 US Gallon Capacity.

**12497** Tank Only

**12727** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

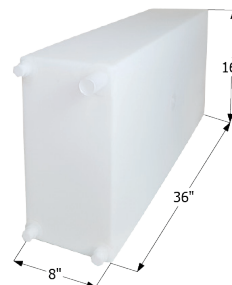

## Fresh Water Tank **WT2464**

17" x 14" x 10" - 10 US Gallon Capacity.

- 
- 12498** Tank Only
  - 12728** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)
- 

## Fresh Water Tank **WT2468**

36" x 16" x 8" - 18 US Gallon Capacity.

- 
- 12502** Tank Only
  - 12732** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)
- 

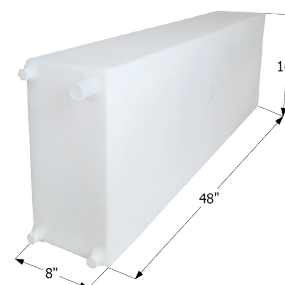

## Fresh Water Tank **WT2465**

18" x 16" x 8" - 10 US Gallon Capacity.

- 
- 12499** Tank Only
  - 12729** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)
- 

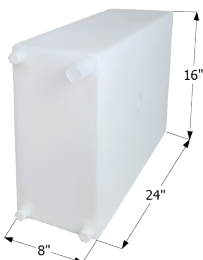

## Fresh Water Tank **WT2469**

48" x 16" x 8" - 25 US Gallon Capacity.

- 
- 12503** Tank Only
  - 12733** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)
- 

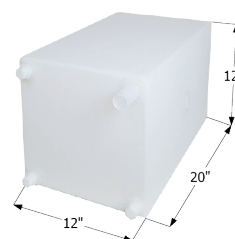

## Fresh Water Tank **WT2466**

24" x 16" x 8" - 12 US Gallon Capacity.

- 
- 12500** Tank Only
  - 12730** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)
- 

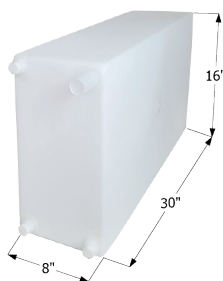

## Fresh Water Tank **WT2470**

20" x 12" x 12" - 12 US Gallon Capacity.

- 
- 12504** Tank Only
  - 12734** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)
- 

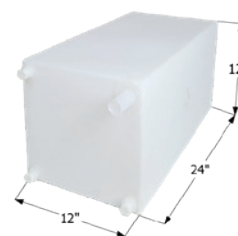

## Fresh Water Tank **WT2467**

30" x 16" x 8" - 15 US Gallon Capacity.

- 
- 12501** Tank Only
  - 12731** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)
- 

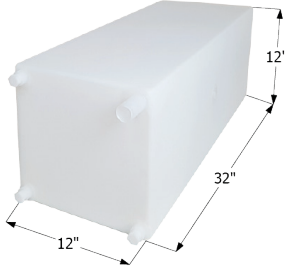

## Fresh Water Tank **WT2471**

24" x 12" x 12" - 15 US Gallon Capacity.

- 
- 12505** Tank Only
  - 12735** Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)
-

### Fresh Water Tank **WT2472**

32" x 12" x 12" - 20 US Gallon Capacity.

<b>12506</b>	Tank Only
<b>12736</b>	Tank w/ 1/2" FPT (3), 1 1/4" Filler Boss (1)

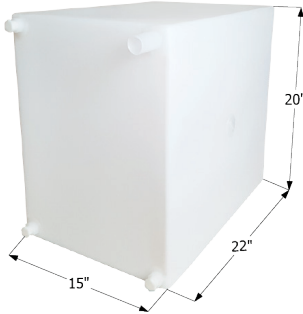

### Fresh Water Tank **WT3544**

Each configuration has detailed diagrams.  
60" x 31" x 5 3/4" - 42 US Gallon Capacity.\*

### Jayco Fresh Water Tank **WT3644**

**NEW**

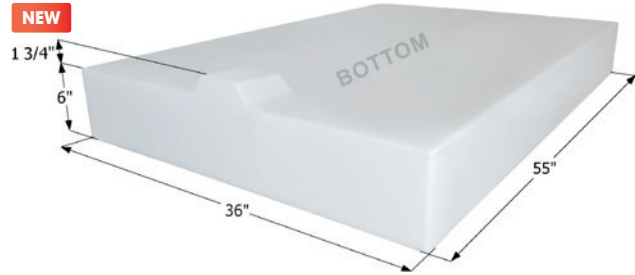

58" x 44 1/2" x 7 3/4" - 81 US Gallon Capacity.

**14284** 0335790 from ICON

**14333** Tank Only

### Fresh Water Tank **WT3680**

**NEW**

55" x 36" x 6" - 49 US Gallon Capacity.

**14322** Tank Only, w/ Sump

**14369** Tank Only, w/o Sump

### Fresh Water Tank **WT3676**

**NEW**

66" x 47 1/2" x 8" - 106 US Gallon Capacity.

**14318** 0338065 from ICON

**14379** Tank Only, w/ Sump

**14380** Tank Only, w/o Sump

### Fresh Water Tank **WT3681**

**NEW**

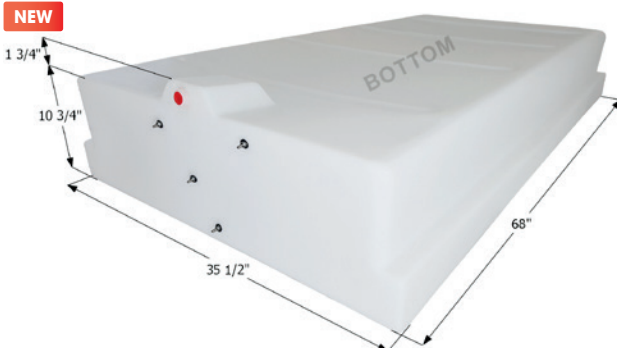

55" x 36" x 7" - 57 US Gallon Capacity.

**14323** Tank Only, w/ Sump

**14370** Tank Only, w/o Sump

### Fresh Water Tank **WT3677**

**NEW**

68" x 35 1/2" x 10 3/4" - 100 US Gallon Capacity.

**14319** w/ 1/2" FPT (1), Level Sensors (4), w/ Sump

**14663** Tank Only, w/o Sump

### Fresh Water Tank **WT3742**

**NEW**

44 1/2" x 14 3/4" x 6 3/4" - 18 US Gallon Capacity.

**14433** Tank Only

**14434** w/ 1/2" Fittings

## Jayco Fresh Water Tank **WT3832**

# Certified Water Tanks

All Fresh Water tanks manufactured by ICON are certified by an independent testing lab and conform to IAPMO standards. IAPMO is the RV industry standard for plumbing related fixtures and more.

Purchasing a certified tank ensures that you have a tank that meets material and design conditions appropriate to the RV industry.

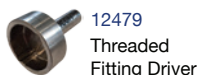

## SPIN FITTING INSTRUCTIONS

### Fresh water tanks

**1** When attaching a Spin Weld Fitting, select an area as flat as possible, where the fitting and Driving Tool can turn freely.

**2** With the proper size Hole Saw, drill a hole in the container slightly larger than the pilot on the fitting. The fitting must be able to rotate freely.

**3** On small fittings (1/2" and smaller) you can use a 1 HP Electric Router. On fittings measuring 3/4" to 1-1/2", a 1 to 1-1/2 HP to 2 HP Electric Router is acceptable. On small fittings 1/2" and smaller, we supply drivers with 1/4" shanks. Our fittings 3/4" and larger, we supply drivers with 1/2" shanks. All electric routers should have 18,000 to 25,000 RPM's.

12479  
Threaded  
Fitting Driver

12477  
1/2" Threaded  
Spin Weld Fitting

12490  
1 1/4" Inlet  
Boss Driver

12478  
1 1/4" Inlet Boss

**4** Place fitting pilot in the hole of the container.

**5** Holding the Router in your hands and having the driving tool attached to the fitting, turn on the power and apply slight pressure so that molten plastic starts to flow around the outside diameter of the fitting. You will develop a technique as to how to apply pressure. The melting process will only take 2-3 seconds. Turn off the power and keep the driver in position with applied slight pressure for another 5 seconds. This will ensure a good bond with approximately 1/4" molten plastic surrounding the diameter of the fitting.

**6** After 1 minute you can apply testing procedures, such as tapping with a hammer or prying with leverage.

**7** Plug open fittings to keep the tank clean or install plumbing as necessary.

# Holding Tank Measuring Guide

## 1. Select your drain style

Bottom Drain

Center End Drain

Center Side Drain

Left End Drain

Left Side Drain

Recessed Drain

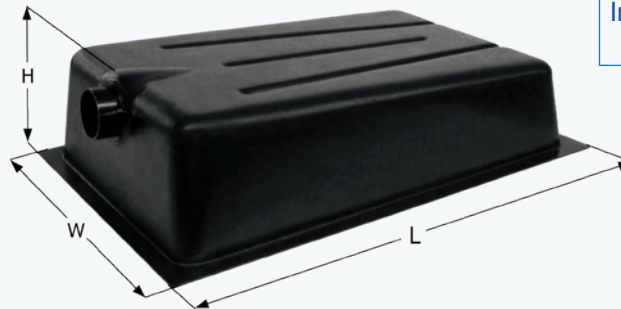

Right End Drain

Right Side Drain

## 2. Measure your original tank and compare with the RV parts diagrams

Measure your holding tank in Inches and fill in the numbers on the lines below

L : \_\_\_\_\_

**Overall Length** - The overall length measurement including flange (if there is a flange)  
Measured on the longest side of your holding tank

W : \_\_\_\_\_

**Overall Width** - The overall width measurement including flange (if there is a flange)  
Measured on the shortest side of your holding tank

H : \_\_\_\_\_

**Overall Height** - The overall height measurement  
Measured from the top of the holding tank to the lowest point which is usually the bottom of the drain

64" x 22" x 12" - 44 US Gallon Capacity.

**14770** Tank w/ 3" Spigot & Sensors Installed

## Recessed Drain **HT387-RE**

64" x 22" x 8 1/2" - 28 US Gallon Capacity.

**12421** Tank w/ 3" Spigot & Sensors Installed

## Recessed Drain **H3658**

**NEW**

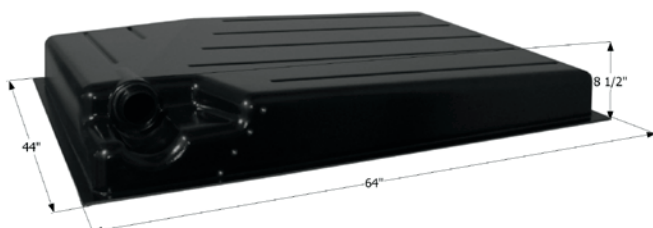

84" x 20" x 10 7/8" - 53 US Gallon Capacity.

**14296** Tank Only

**14297** 0171380 from ICON

## Recessed Drain **HT499-RE**

64" x 44" x 8 1/2" - 76 US Gallon Capacity.

**12428** Tank w/ 3" Spigot & Sensors Installed

## Right End Drain **HT162-ED**

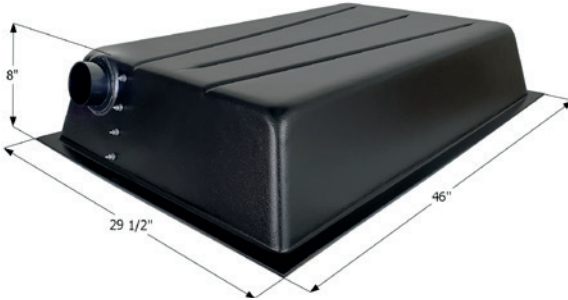

48" x 18" x 9" - 24 US Gallon Capacity.

**12377** Tank w/ 3" Spigot & Sensors Installed

### Right End Drain **HT640-ED**

46" x 29 1/2" x 8" - 33 US Gallon Capacity.

**01604** Tank w/ 3" Spigot & Sensors Installed

### Vent Cap

Plumbing vent cap made of polypropylene. Overall diameter 5-1/4". Assembled height 3". Fits 1-1/4" to 1-1/2" vent stacks. Base and cap are included together.

**12488** White

### Right End Drain **HT702-ED**

39 1/4" x 15 1/2" x 9" - 14 US Gallon Capacity.

**01603** Tank w/ 3" Spigot & Sensors Installed

### Holding Tank Vent Cover

This aerodynamic cover prevents odours from entering the RV by creating a vacuum while the vehicle is moving. Low, smooth profile keeps branches and tree limbs from catching and causing damage to the shroud and vent pipe. Inside it has a built in aluminum screen to keep unwanted pests out. Fits vent pipes up to 3 inches. Installs in minutes.

Outer dimension: 7 1/2" x 6 1/4" x 2 1/4"  
Inner dimension: 5 1/4" x 4 3/4"

**00886** Polar White

**12581** Black

### Right Side Drain **HT292-SD**

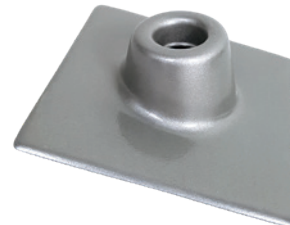

63" x 24" x 7" - 28 US Gallon Capacity.

**12370** Tank w/ 3" Spigot & Sensors Installed

### Airstream Plumbing Vent Cover

**NEW**

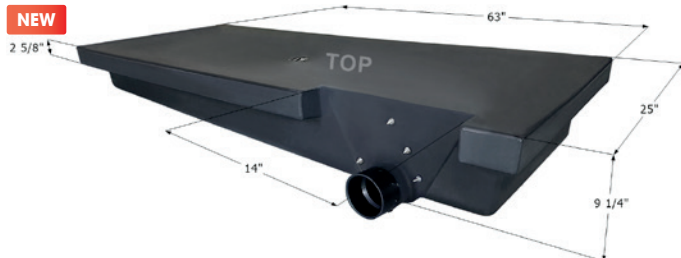

Replica of a plumbing stack cover for 1960s and early 70s Airstream and Argosy units. Impact resistant ABS plastic painted to match Airstream (Metallic Silver) or Argosy (Colonial White / Argosy Beige). Includes a screen to prevent bug & debris intrusion.

Installation involves predrilling holes to match existing rivet locations (if possible) and running a bead of butyl sealant along the bottom perimeter of the part. Attach with 8 rivets (not included).

**14300** Metallic Silver

**14301** Colonial White

### Right Side Drain **H3595-RH 14" Gap**

63" x 25" x 9 1/4" - 39 US Gallon Capacity.

**14428** 0225225 from Amerikart

## Airstream Vent Pipe Cover

NEW

This ABS pipe cover is a replica of an original dating back to the 70s on Airstream and Argosy units. Has a built in screen to prevent bug & debris intrusion. Installs overtop your 1 1/2" ABS plumbing stack pipe, with 6 rivets. Impact resistant and painted with UV protecting paints. Color options are true to form for Airstream enthusiasts: available in a Metallic Silver or a Colonial White to match Argosy Beige units.

---

**14298**    **Metallic Silver**

---

**14299**    **Colonial White**

---

## ABS Pipe Kits

NEW

Assorted ABS pipes. Use to connect your accessory drains to the waste holding tank(s) and configure your tank drain.

---

**14838**    **3" ABS Pipe, 2x 6' lengths**

---

**14839**    **2" ABS Pipe, 2x 6' lengths**

---

**14840**    **1 1/2" ABS Pipe, 2x 6' lengths**

---

## Holding Tank Adhesive Polymers

ABS Polymers make a strong adhesive for gluing fittings to holding tanks as well as repairing minor cracks. Blend 2 parts ABS Polymer to 1 part acetone. Adjust for desired consistency. Sold in 1 lb bags.

---

**01518**    **Pulverized ABS Polymers, Black**

---

**01534**    **Pulverized ABS Polymers, White**

---

## 3" Hub Fitting

This hub is for transitioning from polyethylene holding tanks to ABS plumbing. 3" female slip end. A butyl sealant (part # 12062) and a hose pipe clamp can be used to seal the hub to a molded polyethylene collar. (Picture A)

**12511** 3" Hub Fitting

## Tank Monitoring System & Accessories

**NEW**

**14781** M Series Tank Level Monitor

**14782** Tank Monitor Wiring Harness

## 3" Hub DWV Adaptor

**NEW**

Facilitates drainage of waste water from holding tanks. Use with the 3" flush threaded fitting (00423). (Picture B)

**14241** 3" Hub Fitting

## Gate Valve Kits & Components

**NEW**

Assorted gate valves, parts and related adaptors.

**14760** Waste Valve Kit, 3" w/ nuts, bolts and seals

**14761** Waste Valve Flange Adaptor, 3" Male pipe thread

**14762** Waste Valve Flange Adaptor, 3" Spigot

**14792** Fitting, Waste Valve, 2", Hub - Hub

## Holding Tank Well Nut / Level Sensor

Rubber grommet with bolt for use with level sensing systems on grey/black and fresh water holding tanks. Rubber gasket seals when the sensor bolt is tightened. Smooth & beveled end prevents toilet paper and gunk build up, helping to ensure accurate level reads. (Picture C)

**14063**

## Hose Clamps

**NEW**

Assorted Hose Clamps.

**14827** Hose Clamp, 7/16" - 25/32", 1/2" band

**14828** Hose Clamp, 13/16" x 1-1/2", 1/2" band

## Durable bathtubs and showers for your RV renovation

**Replace It!**

ICON Bathtubs & Shower Pans are molded of high-impact ABS with a textured scuff resistant surface, and reinforced bottoms for extra durability. A recessed drain area is molded in and ready to be drilled.

### Step Bath Tub **TU500**

Sit in step tub. Available as a left or right hand drain that is molded into the tub and ready to be drilled.

36" x 24" x 13"

<b>00473</b>	Left Hand	Colonial White
<b>00474</b>	Left Hand	Polar White
<b>00475</b>	Right Hand	Colonial White
<b>00476</b>	Right Hand	Polar White

### Bath Tub **TU600**

Available as a left or right hand drain that is molded into the tub and ready to be drilled.

46" x 24" x 13"

<b>00477</b>	Left Hand	Colonial White
<b>00478</b>	Left Hand	Polar White
<b>00479</b>	Right Hand	Colonial White
<b>00480</b>	Right Hand	Polar White

Compared to the more common foam support, ICON Bathtubs have a molded, reinforced bottom. This greatly increases the durability and life of the tub.

### Bath Tub TU700

Available as a left or right hand drain that is molded into the tub and ready to be drilled.

42" x 24" x 13"

00481	Left Hand	Colonial White
00482	Left Hand	Polar White
00483	Right Hand	Colonial White
00484	Right Hand	Polar White

### Shower Pan SP200

The drain is molded into the pan and ready to be drilled. The right side is 23" and the left side is 18" with the entry side angled.

24" x 23" x 10"

00463	Polar White
-------	-------------

### Shower Pan SP300

The drain is molded into the pan and ready to be drilled. 32 1/8" x 30 1/8" x 4 5/8"

12873	Polar White
-------	-------------

### Combo Shower Pan SP400

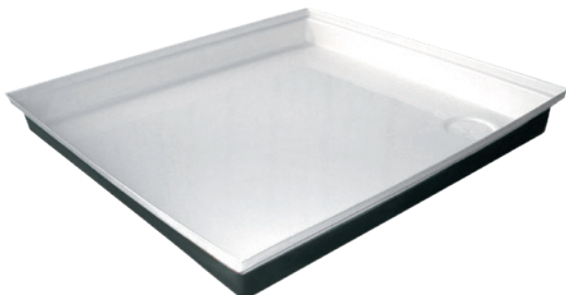

Combo shower pan for showers that include a toilet. Stepped pan allows for the installation of a holding tank directly under the toilet.

35" x 21" x 7 1/2"

12893	Polar White
-------	-------------

### Shower Pan SP100

The drain is molded into the pan and ready to be drilled. 27" x 24" x 4"

00460	Colonial White
00461	Polar White

**RV Tips** ✂

Make sure your tub framing is a nice snug fit and properly supports the tub flanges, evenly all the way around. The tub should also sit directly on a flat, level surface.

## RV Sinks

Available in a metallic stainless steel color, this ABS RV sink is designed to fit many existing applications directly as a replacement or be installed as an upgrade or retrofit. Perfect size and aesthetic for modern RV kitchens and bathrooms. Installs easily to existing sink cutouts. The durable plastic finish is easily cleaned with mild soap and water.

### RV Sink **SO1013**

**NEW**

Drop in and secure with the 4 mounting bolts. Install the drain as required.  
10 1/2" x 13 1/4" x 4 7/8"

---

**14196**    Metallic Stainless Steel

---

### RV Sink **SR1315**

**NEW**

Drop in and secure with the 4 corner mounting bolts. Install the drain as required.  
A direct replacement for LCI part SS1315LL, 209568.  
12 5/8" x 14 3/4" x 5 1/4"

---

**14195**    Metallic Stainless Steel

---

## Assorted Drains

**NEW**

Assorted drains for sinks, showers and tubs.

---

**14859**    White Lavatory Sink Drain, w/ stopper

---

**14860**    Ivory Lavatory Sink Drain, w/ stopper

---

**14861**    Chrome Lavatory Sink Drain, w/ stopper

---

## Step Trims

Step trims, that finish off the area around the RV step, are often subject to damage. UV exposure can make the original component become brittle and then a slight kick or nudge can cause irreparable damage. ICON manufactures a number of different replacements in brand matched and generic sizes.

### 3 Piece Step Trim

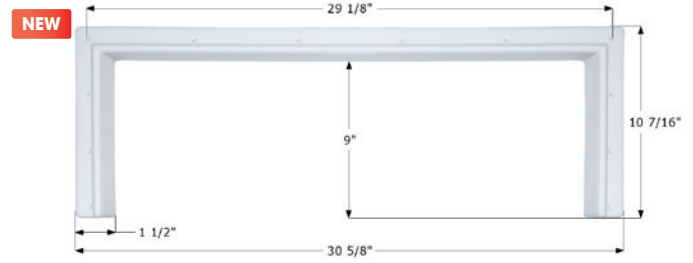

Fits various steps, including Sunnybrook brands. This Step Trim is designed to be trimmable in height. 30 3/4" x 18 1/4"

**14388** Taupe

**14412** Polar White

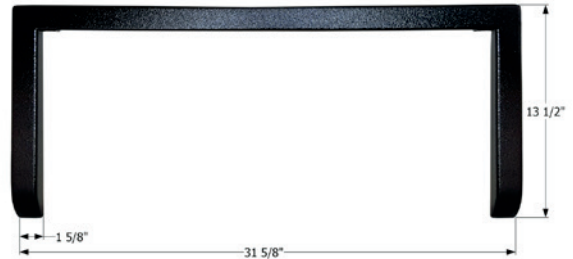

### Entry Door Step Trim

Universal replacement to fit by dimension. 30 5/8" x 10 7/16"

**14467** Polar White

### Entry Door Step Trim

### 5th Wheel Lube Plate

Never grease your 5th wheel plate again! Reduces your fifth wheel lubrication cost and time. No re-greasing on the road means you won't have greasy hands or clothing anymore.

10 1/2" x 10 1/2" x 1/8"

**01133**    **Black**

### Airstream Fridge Chimney

**NEW**

Interior plastic refrigerator chimney common to many Airstreams of the mid 60s and 70s. Does not fit Argosy Minuet Airstreams. Manufactured of a thicker than original, 3/16" ABS plastic in a Polar White color. Install by predrilling holes and riveting to the wall. We recommend going slightly larger holes for the rivets on the plastic, so as to prevent cracking.

45" x 19 3/4" x 4 1/4"

**14295**    **Polar White**

### Airstream Fridge Vent Cover

**NEW**

Exact replacement for vintage Airstreams fridge vent covers found on units starting 1964 and for fiberglass ones found earlier in the 60s. Impact resistant and painted with UV protecting paints. Color options are true to form for Airstream enthusiasts: available in a Metallic Silver or a Colonial White to match Argosy Beige units.

24" x 8 1/2" x 4 1/4"

**14304**    **Metallic Silver**

**14305**    **Colonial White**

### Airstream Stove Vent Cover

**NEW**

Formed ABS plastic replica for vintage Airstream stove vent covers. Effectively covers an opening of 5 1/2" wide. Impact resistant and painted with UV protecting paints. Color options are true to form for Airstream enthusiasts: available in a Metallic Silver or a Colonial White to match Argosy Beige units.

10 1/4" x 7 1/2" x 2"

**14302**    **Metallic Silver**

**14303**    **Colonial White**

### Airstream Vent Lenses

**NEW**

Lenses to fit into the original aluminum Airstream vent frames from the 60's and 70's.

Inner (13 1/2" x 13 1/2") & Outer (9 1/2" x 9 1/2").

**14688**    **White**

### Inner Airstream Window Liners

**NEW**

Inner Polycarbonate window replacements for Early to mid 70s airstream units. These replace the inner layer of the Airstream "Stack", "Vista" and "Awning Side" windows of appropriate dimension.

**14676**    **Vista, 31 1/4" x 8"**    **Clear**

**14677**    **Vista, 31 1/4" x 8"**    **Dark Smoke**
