

### Arched cut line

Aerodynamic low profile design

### Emblem

Chrome plating INNO emblem

### MEMORY MOUNT

Set of 4

One-touch system enables simple mounting and removal from the base carrier, so you can easily attach the roof box just when you need it, not when you don't.

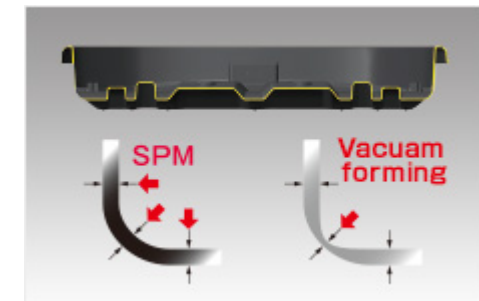

### Side Garnish

Chrome plating side garnish

### DUAL OPEN

Dual side opening lid allows for easy access to both sides  
Improvements to the mounting system also result in a shorter time required when mounting and removing the roof box.

### SPM bottom

Up to 50% stronger than conventional Vacuum-forming

### **User friendly locking mechanism for single handed opening**

The safety mechanism which automatically locks the cover when closed has evolved so that it can be checked in two places.

For additional security, the key can only be removed once the lid has been closed all the way

The conventional safety mechanism remains unchanged and a 2-way function has been adopted for the cover lock release button.

The cover can be opened or closed even when you have luggage in one hand.

### **One Touch Buckle Belt**

Cargo is securely fixed in place for safety while driving.
