International[®]

Welcome to the latest edition of the new and expanded tool storage catalog! Whether you are a professional tradesman or home “do-it-yourselfer”, we hope that you find just the right tool storage system to fit your needs and work style. Our products are designed from years of direct experience with tool users of all types. Drawer design, duty rating, mobility, locking systems, and cosmetics have been refined based upon comments and feedback from professionals throughout the world.

Founded in Drummondville, Canada in 1960, we remain a North American based tool storage manufacturer focused on building the highest quality tool storage products on the market today. The INTERNATIONAL brand is a wholly owned trademark of SPG International.

In 2007 SPG International became part of the Geelong Sales Company, a major manufacturer of tool storage products in China, giving us manufacturing capability both in North America and Asia. This merger has greatly enhanced our ability to offer you a wider assortment of quality products, expanded services, and great price points.

At International, all we do is Tool Boxes. 100% of our time, effort, and energy are put into making the best box available for your hard earned dollar. Having the right storage system definitely helps you get the job done better, safer, and faster!
