

## Jabsco - Frequently Asked Questions

### **Can I send my JABSCO (pump, etc) back to you for repair?**

We offer a JABSCO repair service. Contact us for advice.

### **Are you the manufacturers of JABSCO pumps?**

No. JABSCOshop is a division of Cleghorn Waring Pumps, the UK's leading specialist suppliers of JABSCO pumps and products. The manufacturer is Xylem - Jabsco.

### **Can I get spares for a Jabsco pump I can't identify?**

Probably.

### **Can I fit a larger JABSCO engine cooling pump directly in place of my existing pump? No.**

### **Can I fit a larger JABSCO pump on to my existing pump's electric motor ?**

No.

### **Can you supply spares for my marine toilet?**

If it is a manual PAR / Brydon or JABSCO toilet manufactured since 1986 or an electric toilet, yes.

### **Do PAR / Brydon or JABSCO toilet spares fit other makes of toilet ?**

No. You may wish to consider buying a new JABSCO manual toilet instead.

### **I have an old pre 1986 59128 Series PAR / Brydon toilet . Can I still obtain spare parts for it?**

All spares for this toilet are now obsolete and no longer available. You may wish to consider buying a new JABSCO manual toilet instead.

### **I have a problem on my boat's pressurised water system. Can you help me?**

We will do our best to help you, please contact us.

### **Do you sell Johnson pumps and spares?**

No, but some Johnson impellers are interchangeable with JABSCO impellers. Tell us: your Johnson pump model no., or the Johnson impeller part number. We will tell you if we can supply an equivalent JABSCO impeller.

### **My toilet bowl keep filling when no one is using it?**

This suggests your toilet is on or below the water line. Do you have vented loops fitted? If so, check they are functioning correctly, if not we strongly recommend you fit them.
